

CLICK ADJUST BUSHING FULL LENGTH DIE SET - WHIDDEN GUNWORKS 7MM REMINGTON MAGNUM BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Adjusting shoulder bump has never been easier. The Whidden Gunworks Click Adjustable Bushing Full Length Sizer Die and lock ring work together to give the user a clicking feel to the adjustment just like a high end rifle scope. Each click moves the shoulder bump .001" so you can easily find the exact shoulder bump that you desire. Included with the Click Adjustable Sizer Die Set is a Micrometer Adjustable Seating die and Shoulder Bump Gauge. This gauge attaches to standard calipers and allows measurement from the case shoulder to the base.

Safety Instruction Guide for Whidden Gunworks Click Adjustable Bushing Full Length Die Set

Introduction

Thank you for choosing the Whidden Gunworks Click Adjustable Bushing Full Length Die Set for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this guide thoroughly before using the die set.

General Safety Guidelines

- Always use the die set in accordance with the manufacturer's instructions.
- Ensure you are familiar with the reloading process and the specific requirements for your cartridge.
- Keep the die set and all reloading components out of reach of children and pets.
- Use protective eyewear when reloading to prevent injury from debris or accidents.
- Store the die set in a dry and secure location to prevent damage and unauthorized access.
- Regularly inspect the die set for signs of wear or damage before each use.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the press you are using is compatible with the die set.
- Always doublecheck the adjustment settings before starting the reloading process.
- Do not exceed recommended load limits for your cartridges.
- Avoid distractions while reloading to maintain focus and accuracy.
- Use the Shoulder Bump Gauge correctly to ensure proper measurements and adjustments.
- Be cautious of any sharp edges on the die set that may cause cuts or injuries.
- If you experience any malfunction or difficulty with the die set, cease use immediately and consult an expert.

Instructions for Installation and Usage

1. Installation of the Die Set:

- Securely mount the press on a stable surface.
- Insert the Click Adjustable Bushing Full Length Sizer Die into the press.
- Tighten the lock ring to ensure the die is held firmly in place.

2. Setting Up the Die:

- Adjust the shoulder bump by turning the adjustment knob until you feel a click for each .001" increment.
- Use the Micrometer Adjustable Seating Die to set the bullet seating depth according to your specifications.

3. Using the Shoulder Bump Gauge:

- Attach the Shoulder Bump Gauge to standard calipers.
- Measure the distance from the case shoulder to the base to ensure accurate adjustments.

4. Reloading Process:

- Follow standard reloading procedures, ensuring to check each step for accuracy and safety.

- Monitor the adjustments closely to avoid oversizing or undersizing cases.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local waste disposal regulations.
- Do not discard the die set in regular household waste; consult local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Whidden Gunworks Click Adjustable Bushing Full Length Die Set, please consult the manufacturer's website or customer service for assistance. Always ensure you have the latest information regarding safety recalls and product updates.

Thank you for prioritizing safety while using the Whidden Gunworks Click Adjustable Bushing Full Length Die Set. Happy reloading!
