

BUSHING NECK DIE SETS - L.E. WILSON 6.5X47MM LAPUA BUSHING NECK DIE KIT

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

L.E. Wilson's Bushing Neck Die Kit consists of a bushing-style neck resizing die and Wilson's precision stainless steel seater die. Wilson's Stainless Steel Seater Die has a micrometer top that lets you make fine adjustments of seating depth in precise .001" increments. The die holds bullet and case in perfect alignment as the bullet is seated in the case. This is a hand-die designed for use with a mallet or an arbor press. NOT for use on a conventional 7/8 press. Wilson's Bushing Neck Sizer Dies feature interchangeable bushings to size the outside of the case neck to 3/16" from the case mouth. This allows for total control as to the amount of neck sizing each case receives. Simply change the bushing to increase or decrease the neck-tension on the bullet. The L.E. Wilson Bushing Neck Die Kit are Hand-die design for use with a mallet or an arbor press. Not for use on a conventional press. Bushing sold separately, accepts L.E. Wilson, Redding, or Sinclair carbide bushings

Safety Instruction Guide for Bushing Neck Die Sets L.E. Wilson 6.5X47MM Lapua Bushing Neck Die Kit

Introduction

Thank you for choosing the L.E. Wilson Bushing Neck Die Kit for your reloading needs. This guide provides essential safety instructions and usage guidelines to ensure safe and effective operation of the product. Please read this document carefully before using the kit.

General Safety Guidelines

- Product Safety: Ensure safe handling and use of the Bushing Neck Die Kit. Follow all instructions to minimize risks.
- Enhanced Recalls: Stay informed about any product recalls. If you receive a recall notice, follow the provided instructions.
- Online Shopping: If purchased online, ensure that the retailer meets safety requirements.
- Special Consumer Focus: This product is intended for adult users. Keep out of reach of children.
- EU Contact Point: For safety inquiries, refer to the product documentation or retailer.
- Rapid Alerts: Check the EU Safety Gate platform for updates on product safety.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection and gloves, when using reloading equipment.
- Ensure your workspace is clean and free from obstructions to prevent accidents.
- Do not use the Bushing Neck Die Kit on a conventional 7/8 press; it is designed for handdie use only with a mallet or arbor press.
- Check that the bushing is securely installed before resizing cases.
- Avoid overtightening the die, as this may cause damage or malfunction.
- Do not exceed the manufacturer's recommended specifications for bullet and case dimensions.
- Be cautious when changing bushings to avoid injury from sharp edges.
- Keep the kit and all components out of reach of children and unauthorized users.

Instructions for Installation and Usage

1. Setup:

- Select the appropriate bushing based on the desired neck tension.
- Install the bushing into the neck resizing die according to the manufacturer's instructions.

2. Resizing Cases:

- Place the case in the die and ensure it is aligned properly.
- Use a mallet or arbor press to apply even pressure while resizing.
- Check the resized neck diameter with a caliper to ensure it meets specifications.

3. Seating Bullets:

- Insert the bullet into the case mouth.
- Adjust the micrometer top on the seater die to set the desired seating depth.
- Slowly press the bullet into the case while maintaining alignment.

4. PostUse:

- Clean the dies and store them in a dry, safe place after use.
- Regularly inspect the kit for wear or damage.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For additional information or support regarding the Bushing Neck Die Kit, please refer to the product documentation or consult your retailer.

By following these guidelines, you can ensure the safe and effective use of your L.E. Wilson Bushing Neck Die Kit. Thank you for prioritizing safety in your reloading activities.
