

32 AUTO BRASS - STARLINE 32 AUTO BRASS 100/BAG

[Reloading](#) > [Brass](#) > [Pistol Brass](#)

The .32 Auto is a semi-rimmed pistol cartridge that was originally designed for use in small pocket pistols and a few revolvers. The .32 Auto is an inherently accurate cartridge, though the pistols it has historically been chambered in were not. It is now gaining popularity as a target cartridge due to being chambered in bullseye pistols such as the pardini. Starline is a family owned business and prides itself on producing the highest quality brass case available. With a production process focused on quality not quantity, Starline makes the finest brass and has for more than 40 years out of their state-of-the-art manufacturing facility in Sedalia, MO.

Attributes

- Name: [STARLINE 32 AUTO BRASS 100/BAG](#)
- Manufacturer: [STARLINE](#)

Safety Instruction Guide for 32 AUTO BRASS STARLINE

Introduction

Thank you for choosing the 32 AUTO BRASS STARLINE. This guide provides essential safety information to ensure your safe use of this product. Please read the instructions carefully before use to minimize risks and ensure compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is stored in a cool, dry place away from direct sunlight and moisture.
- Use the product only for its intended purpose as specified in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for updates on safety recalls through the EU's Safety Gate platform.
- Report any unsafe products or accidents to the appropriate authorities immediately.

Specific Safety Precautions for Use

- Always handle the brass cases with care to avoid injury.
- Inspect the brass cases for any signs of damage or defects before use.
- Do not use brass cases that show signs of corrosion or wear.
- Ensure that you are using the correct caliber and specifications for your firearm.
- Follow all standard firearm safety practices when using this product.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your workspace is clean and free of clutter.
- Gather all necessary tools and equipment before starting.

2. Loading the Brass:

- Verify that the firearm is unloaded before loading any brass cases.
- Carefully insert the brass case into the chamber of the firearm according to the manufacturer's instructions.

3. Firing:

- Always wear appropriate eye and ear protection while firing.
- Ensure that the area is clear of bystanders and that you are in a safe shooting environment.

4. PostUse:

- After use, carefully remove the brass cases from the firearm.
- Inspect the cases for any damage or signs of wear.

Disposal Instructions

- Dispose of used brass cases in accordance with local regulations.
- Recycle brass cases whenever possible to minimize environmental impact.
- Do not dispose of brass cases in regular household waste.

Contact Information for Further Support
