

# 44 AUTO MAGNUM BRASS - STARLINE 44 AUTO MAGNUM BRASS 100/BAG

[Reloading](#) > [Brass](#) > [Pistol Brass](#)

Designed to achieve .44 Magnum ballistics from a semi-automatic pistol, this caliber became famous by Clint Eastwood in Sudden Impact. Gun system was designed by the late Harry Sanford and was produced under several names such as A.M.T., Automag Inc., and High Standard. Starline is a family owned business and prides itself on producing the highest quality brass case available. With a production process focused on quality not quantity, Starline makes the finest brass and has for more than 40 years out of their state-of-the-art manufacturing facility in Sedalia, MO.

# Safety Instruction Guide for 44 AUTO MAGNUM BRASS STARLINE

## Introduction

Thank you for choosing the 44 AUTO MAGNUM BRASS from Starline. This guide provides important safety information and instructions to ensure the safe use of this product. Please read this guide carefully before using the brass casings.

## General Safety Guidelines

- Always handle all ammunition components with care and respect.
- Store brass casings in a cool, dry place away from direct sunlight and moisture.
- Keep brass casings out of reach of children and unauthorized individuals.
- Inspect brass casings for any signs of damage or defects before use.
- Follow all local laws and regulations regarding the use and storage of ammunition components.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that you are using the correct caliber and specifications for your firearm.
- Only use brass casings that have been sourced from reputable manufacturers like Starline.
- Avoid using damaged or worn brass casings as they may pose a safety risk.
- Always wear appropriate safety gear, including eye and ear protection, when handling or firing ammunition.
- Be aware of your surroundings and ensure a safe shooting environment.
- Do not attempt to modify or alter the brass casings in any way.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and equipment for loading the brass casings.
- Ensure your workspace is clean and organized.

### 2. Loading the Brass Casings

- Carefully inspect each brass casing for any defects.
- Use only the recommended powder and projectiles for .44 Magnum ammunition.
- Follow the reloading manual specific to your firearm and components.

### 3. Firing the Ammunition

- Load the completed ammunition into your firearm according to the manufacturer's instructions.
- Ensure the firearm is pointed in a safe direction and the safety is engaged until ready to fire.
- Check that the chamber is clear before loading ammunition.

### 4. PostUse Handling

- After firing, handle the firearm and any spent casings with care.
- Dispose of spent casings responsibly, following local regulations.

## **Disposal Instructions**

- Dispose of any damaged or defective brass casings in accordance with local waste disposal regulations.
- Do not throw brass casings in regular household waste.
- Consider recycling options available in your area for metal materials.

## **Contact Information for Further Support**

For any safety inquiries or additional information regarding the 44 AUTO MAGNUM BRASS, please refer to your local Starline representative or authorized dealer.

Thank you for your attention to these safety instructions. Your safety is our priority.
