

6.8MM REMINGTON SPC BRASS - STARLINE 6.8MM REM SPC BRASS 100/BAG

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

The 6.8 SPC was designed for the military as a cartridge that landed between the 5.56mm NATO and the 7.62mm NATO to be used in the AR-15/M-4 platform. It loses very little magazine capacity versus the 5.56mm (25 vs. 30 rounds), but has better knockdown power without much more recoil. This caliber works very well in short barreled rifles and is an easy conversion for an AR-15, requiring only a barrel, bolt, and magazine swap. For someone looking for an AR-15 for hunting, this caliber is a logical choice, especially for recoil-sensitive shooters. Starline brass is safe to use in both 6.8 SPC and 6.8 SPC II chambers.

Attributes

- Name: [STARLINE 6.8MM REM SPC BRASS 100/BAG](#)
- Manufacturer: [STARLINE](#)
- Product no.: 749018151
- Mfr. No.: 3240
- Cartridge: 6.8 mm Remington SPC
- Rounds: 100
- Quantity: 100
- Delivery weight: 0.807kg
- Shipping height: 25mm
- Shipping width: 152mm
- Shipping length: 178mm

Item details

Made in USA

Safety Instruction Guide for 6.8MM Remington SPC Brass

Introduction

Thank you for choosing the 6.8MM Remington SPC Brass by Starline. This guide provides essential safety instructions and guidelines to ensure the safe handling and use of this product. Please read this document carefully before use.

General Safety Guidelines

- Always handle ammunition with care and respect.
- Store ammunition in a cool, dry place, away from heat sources and direct sunlight.
- Keep ammunition out of reach of children and unauthorized persons.
- Always check local laws and regulations regarding the use of ammunition.
- Use only in firearms that are specifically designed for the 6.8MM Remington SPC caliber.
- Inspect ammunition for any signs of damage or defects before use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before inserting or removing ammunition.
- Always point the firearm in a safe direction when loading or unloading.
- Use proper eye and ear protection when shooting.
- Do not exceed the recommended load specifications for your firearm.
- Be aware of your surroundings and ensure a safe shooting environment.
- If you experience any misfires or hangfires, follow proper procedures for handling them.

Instructions for Installation and Usage

- To load the ammunition:
 1. Ensure the firearm is pointed in a safe direction.
 2. Open the action of the firearm to ensure it is unloaded.
 3. Insert the 6.8MM Remington SPC brass into the magazine according to the manufacturer's instructions.
 4. Close the action of the firearm.
 5. Check that the firearm is functioning properly before firing.
- To unload the ammunition:
 1. Point the firearm in a safe direction.
 2. Open the action of the firearm.
 3. Remove the magazine and any remaining rounds from the chamber.
 4. Inspect the chamber to ensure it is clear.

Disposal Instructions

- Dispose of used or damaged ammunition in accordance with local regulations.
- Do not dispose of ammunition in regular household waste.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the 6.8MM Remington SPC Brass, please refer to your local regulations or contact the manufacturer directly.

Thank you for your attention to these safety instructions. Your safety is our priority.
