

45 SPECIAL BRASS - STARLINE 45 SPECIAL BRASS 100/BAG

[Reloading](#) > [Brass](#) > [Pistol Brass](#)

The Cowboy .45 Special is a case that is optimized for use with light loads in .45 Colt caliber revolvers for Cowboy Action Shooting. Light loads with excessive airspace are a recipe for case splits and erratic function. By using the Cowboy .45 Special case, with its .45 Colt rim and .45 Auto length, the problem no longer exists. While many claim that .45 Auto load data can be used in this caliber, it is important to realize the limitations of the firearm it is chambered in and only use loads that fall within the pressure range of that firearm. Generally these can be loaded using .45 Colt dies and a modified (shortened) crimp die, or .45 Auto Rim roll crimp die. Starline is a family owned business and prides itself on producing the highest quality brass case available. With a production process focused on quality not quantity, Starline makes the finest brass and has for more than 40 years out of their state-of-the-art manufacturing facility in Sedalia, MO.

Safety Instruction Guide for 45 SPECIAL BRASS STARLINE 45 SPECIAL BRASS 100/BAG

Introduction

Thank you for choosing the 45 SPECIAL BRASS STARLINE 45 SPECIAL BRASS. This product is designed for use with light loads in .45 Colt caliber revolvers, particularly for Cowboy Action Shooting. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the firearm you are using is in good working condition and is appropriate for .45 Special cases.
- Be aware of the pressure limits of your firearm and only use loads that fall within those limits.
- Store brass cases in a cool, dry place, away from direct sunlight and moisture.
- Regularly check for any signs of wear or damage on your brass cases before use.
- Dispose of damaged or worn brass cases properly and do not attempt to reuse them.

Specific Safety Precautions for Use

- Do not exceed the recommended load data for .45 Special cases.
- Use only .45 Colt dies and a modified crimp die or .45 Auto Rim roll crimp die for reloading.
- Avoid using .45 Auto load data for .45 Special cases, as this may lead to dangerous pressure levels.
- Keep all ammunition and reloading materials out of reach of children and unauthorized users.
- Always wear appropriate safety gear, such as eye protection, when handling ammunition and reloading components.

Instructions for Installation and Usage

1. Preparing the Brass Cases

- Inspect each brass case for any signs of damage or wear.
- Clean the brass cases if necessary to ensure optimal performance.

2. Reloading Process

- Set up your reloading station in a wellventilated area.
- Use .45 Colt dies and a modified crimp die or .45 Auto Rim roll crimp die for reloading.
- Carefully measure and load the appropriate powder charge according to your load data.
- Ensure that the bullet is seated correctly and that the crimp is applied securely.

3. Final Checks

- After reloading, inspect each round to ensure that it is properly assembled.
- Store your reloaded ammunition in a safe and secure location.

Disposal Instructions

- Dispose of any damaged or worn brass cases in accordance with local regulations.
- Do not attempt to recycle damaged brass cases as they may pose safety risks.
- Follow local guidelines for the disposal of hazardous materials if applicable.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the 45 SPECIAL BRASS STARLINE 45 SPECIAL BRASS, please refer to the manufacturer's website or customer service resources.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your 45 SPECIAL BRASS STARLINE 45 SPECIAL BRASS. Always prioritize safety and remain informed about best practices in ammunition handling and reloading. Thank you for your attention to these important safety measures.
