

6MM CREEDMOOR LARGE PRIMER BRASS - STARLINE 6MM CRDMR LG PRIME BRASS 500CT

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

The 6mm Creedmoor is the little brother to the very popular 6.5 Creedmoor. It has similar ballistics to the .243 Winchester, but its shorter length allows long, heavy bullets to be seated in the magazine. This caliber is an excellent choice for hunting, but its popularity was gained as a competition cartridge. Some of the new competitions, such as the Precision Rifle Series, require a lot of shooting and this cartridge is light recoiling making spotting hits and misses easier for the shooter. This brass features a standard Large Primer pocket for use with Large Rifle Primers.

Attributes

- Name: [STARLINE 6MM CRDMR LG PRIME BRASS 500CT](#)

Safety Instruction Guide for 6MM Creedmoor Large Primer Brass

Introduction

Thank you for choosing the 6MM Creedmoor Large Primer Brass manufactured by Starline. This product is designed for use in firearms and is intended for individuals who are knowledgeable about handling ammunition. This safety instruction guide is provided to ensure the safe and effective use of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always treat all ammunition as if it is live and capable of firing.
- Store ammunition in a cool, dry place away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized individuals.
- Inspect all brass before use to ensure there are no signs of damage or defects.
- Follow all local laws and regulations regarding the use and storage of ammunition.

Specific Safety Precautions for Use

- Ensure that your firearm is compatible with 6MM Creedmoor ammunition before use.
- Use only large rifle primers as specified for this brass.
- Wear appropriate safety gear, including eye and ear protection, when handling or firing ammunition.
- Avoid using damaged or deformed brass to prevent malfunctions or accidents.
- Do not exceed recommended load limits when reloading ammunition.

Instructions for Installation and Usage

- Carefully clean the brass before use to remove any foreign substances.
- Inspect the primer pocket for cleanliness and ensure it is free from debris.
- Load the brass according to the recommended specifications for 6MM Creedmoor ammunition.
- Ensure that the firearm is pointed in a safe direction when loading and unloading.
- After firing, inspect the spent brass for signs of excessive wear or damage.

Disposal Instructions

- Dispose of used or damaged brass in accordance with local regulations.
- Do not throw away brass in regular trash; consider recycling options for spent brass.
- Follow local guidelines for the disposal of hazardous materials if applicable.

Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please refer to the manufacturer's website or contact the relevant authority in your area.

By following these guidelines, you can help ensure your safety and the safety of others while using the 6MM Creedmoor Large Primer Brass. Always prioritize safety and adhere to all applicable laws and regulations.
