

# 6MM CREEDMOOR SMALL PRIMER BRASS - STARLINE 6MM CRDM SM PRMR BRASS 500/BAG

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

The 6mm Creedmoor is the little brother to the very popular 6.5 Creedmoor. It has similar ballistics to the .243 Winchester, but its shorter length allows long, heavy bullets to be seated in the magazine. This caliber is an excellent choice for hunting, but its popularity was gained as a competition cartridge. Some of the new competitions, such as the Precision Rifle Series, require a lot of shooting and this cartridge is light recoiling making spotting hits and misses easier for the shooter. This brass features a Small Primer pocket and small flashhole for use with Small Rifle Primers allowing loaders to squeeze more velocity and pressure out of the cartridge without primer pockets getting loose quickly. Reloaders should change out their decapping pins to those of a smaller diameter to prevent issues when decapping.

## Attributes

- Name: [STARLINE 6MM CRDM SM PRMR BRASS 500/BAG](#)
- Manufacturer: [STARLINE](#)
- Product no.: 749018164
- Mfr. No.: 3270
- Cartridge: 6mm Creedmoor
- Rounds: 500
- Quantity: 500
- Delivery weight: 5.407kg
- Shipping height: 152mm
- Shipping width: 152mm
- Shipping length: 229mm

## Item details

Made in USA

US export classification: 0A505.x

# Safety Instruction Guide for 6MM Creedmoor Small Primer Brass

## Introduction

Thank you for choosing the 6MM Creedmoor Small Primer Brass by Starline. This guide provides essential safety instructions and guidelines to ensure safe handling and usage of this product. Please read this document carefully before using the brass.

## General Safety Guidelines

- Ensure that you are familiar with the handling and usage of reloading equipment and components.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.
- Keep the brass and all reloading components out of reach of children and unauthorized individuals.
- Follow all local laws and regulations regarding the use and storage of reloading components and ammunition.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The brass is designed for use with small rifle primers. Using incorrect primers may lead to dangerous malfunctions.
  - Improper handling or reloading practices can lead to serious injury or damage.
- **Avoiding Hazards:**
  - Always inspect brass for damage or signs of wear before use.
  - Do not exceed recommended load specifications when reloading.
  - Use a scale to measure powder charges accurately.
  - Ensure that your reloading workspace is clean and organized to prevent accidents.
- **Age Specific Warnings:**
  - This product is intended for use by adults only. Ensure that minors are supervised by a responsible adult when in the vicinity of reloading activities.

## Instructions for Installation and Usage

- **Preparation:**
  - Clean the brass before use to remove any debris or contaminants.
- **Reloading Procedure:**
  1. Ensure you have the correct equipment for reloading 6MM Creedmoor cartridges.
  2. Use small rifle primers as specified for this brass.
  3. Change out decapping pins to those of a smaller diameter to avoid issues during decapping.
  4. Follow standard reloading practices, including:
    - Measuring powder charges with precision.
    - Seating bullets to the correct depth.
    - Inspecting completed rounds for consistency.
- **Storage:**
  - Store brass in a cool, dry place away from direct sunlight.
  - Keep brass and reloading components in a secure location to prevent unauthorized access.

## **Disposal Instructions**

- Dispose of used brass and any reloading components in accordance with local regulations.
- Do not dispose of brass in regular household waste. Instead, consider recycling options available in your area.

## **Contact Information for Further Support**

- For safety inquiries or further assistance, please refer to the manufacturer's website or contact your local distributor.

By following these guidelines, you can ensure a safer reloading experience with the 6MM Creedmoor Small Primer Brass. Always prioritize safety and remain informed about best practices in reloading. Thank you for your attention to these important safety instructions.
