

375 CALIBER (0.375") SINGLE FEED LAZER TIPPED HP BULLETS - CUTTING EDGE BULLETS 375 CALIBER (0.375") 375GR TIPPED HOLLOW POINT 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

The Cutting Edge LAZER line is a high BC, tipped hollow point hunting bullet designed for excellent long range accuracy and devastating terminal performance. These bullets are all manufactured out of lead-free, solid copper bar stock on a CNC Swiss style lathe. These bullets do not mushroom, but instead, fracture. After 1-2" of penetration, 3 large petals will break off and radiate outward in a star pattern while the base continues through for even deeper penetration. The LAZER line will function down to 1500fps. These bullets are single feed and will most likely be too long to fit into standard magazines.

Attributes

- Name: [CUTTING EDGE BULLETS 375 CALIBER \(0.375"\) 375GR TIPPED HOLLOW POINT 50/BOX](#)
- Manufacturer: [CUTTING EDGE BULLETS](#)
- Product no.: 749018313
- Mfr. No.: LZR 375 375 MAX
- Ballistic Coefficient (G1): 0.900
- Ballistic Coefficient (G7): 0.420
- Brand Style: Lazer
- Bullet Style: Tipped Hollow Point
- Caliber: 375 Caliber
- Diameter (in): 0.375
- Grain: 375
- Quantity: 50
- Delivery weight: 1.361kg
- Shipping height: 76mm
- Shipping width: 76mm
- Shipping length: 140mm
- UPC: 812191022736

Safety Instruction Guide for 375 Caliber (0.375") Single Feed Lazer Tipped HP Bullets

Introduction

Thank you for choosing the 375 Caliber (0.375") Single Feed Lazer Tipped HP Bullets by Cutting Edge Bullets. This guide provides essential safety instructions to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide thoroughly before using the product.

General Safety Guidelines

- Ensure that all users of this product are familiar with firearm safety practices.
- Store bullets in a cool, dry place away from direct sunlight and humidity.
- Keep bullets out of reach of children and unauthorized users.
- Inspect bullets for any signs of damage or defects before use.
- Always use appropriate protective gear, such as safety glasses and hearing protection, when handling or firing firearms.
- Follow all local laws and regulations regarding the use and storage of ammunition.

Specific Safety Precautions for Use

- Only use these bullets in firearms specifically chambered for 375 caliber ammunition.
- Do not attempt to modify or alter the bullets in any way.
- Avoid using these bullets in firearms that are not designed for highperformance ammunition.
- Always verify that the firearm is unloaded before handling ammunition.
- Ensure proper ventilation when firing to minimize exposure to lead or other materials.
- Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

1. Loading the Bullets:

- Carefully open the box and remove the bullets.
- Inspect each bullet for any visible defects or damage.
- Load the bullets into the magazine or chamber of your firearm according to the manufacturer's instructions.

2. Firing the Bullets:

- Ensure that you are in a safe and designated shooting area.
- Follow standard firearm safety practices, including keeping the muzzle pointed in a safe direction.
- Fire the bullets only when you are confident in your target and backstop.

3. PostFiring:

- After firing, handle the firearm and any spent casings with care.
- Clean the firearm according to the manufacturer's guidelines to ensure optimal performance and safety.

Disposal Instructions

- Dispose of any unused or damaged bullets according to local regulations.
- Do not discard bullets in regular trash. Contact local authorities for hazardous waste disposal options.

- Ensure that all spent casings and bullet remnants are collected and disposed of properly.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of this product, please refer to the manufacturer's contact information provided on the packaging or visit the official website.

Conclusion

By following these safety instructions, you can help ensure a safe and enjoyable experience with the 375 Caliber (0.375") Single Feed Lazer Tipped HP Bullets. Always prioritize safety and compliance with local laws and regulations. Thank you for your attention to these important guidelines.
