

MTAC 338 CALIBER (0.338") SINGLE FEED RIFLE BULLETS - CUTTING EDGE BULLETS MTAC 338 CAL (0.338") LEAD FREE HP SINGLE FEED 254GR 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

Cutting Edge's MTAC line is machined out of lead free solid copper bar stock on a CNC Swiss lathe. These are a high BC, solid bullet designed exclusively for target use at all ranges. A unique feature of this bullet is our patented SealTite® band which is a band slightly larger than caliber diameter around the bullet which was designed to eliminate fliers by preventing gas blow-by. The SealTite® band also decreases copper fouling which is typically associated with mono metal bullets. *If shooting through transonic, a twist rate increase of 1 inch is recommended (ex: 1:9" instead of 1:10")

Attributes

- Name: [CUTTING EDGE BULLETS MTAC 338 CAL \(0.338"\) LEAD FREE HP SINGLE FEED 254GR 50/BOX](#)
- Manufacturer: [CUTTING EDGE BULLETS](#)
- Product no.: 749018329
- Mfr. No.: MTAC 338 254 MAX
- Ballistic Coefficient (G1): 0.750
- Brand Style: MTAC
- Bullet Style: Copper Hollow Point
- Caliber: 338 Caliber
- Diameter (in): 0.338
- Grain: 254
- Quantity: 50
- Delivery weight: 0.907kg
- Shipping height: 64mm
- Shipping width: 64mm
- Shipping length: 127mm
- UPC: 812191022620

MTAC 338 Caliber (0.338") Single Feed Rifle Bullets Safety Instructions

Introduction

Thank you for choosing Cutting Edge's MTAC 338 Caliber (0.338") Single Feed Rifle Bullets. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this document thoroughly before using the bullets.

General Safety Guidelines

- Always handle ammunition with care and respect.
- Store bullets in a cool, dry place away from direct sunlight and moisture.
- Keep bullets out of reach of children and unauthorized users.
- Use appropriate safety gear, including eye and ear protection, when handling or shooting.
- Ensure that your firearm is compatible with the MTAC 338 caliber bullets before use.
- Regularly inspect your firearm and ammunition for signs of damage or wear.
- Follow all local laws and regulations regarding the use of ammunition.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Misfires or hangfires may occur. If a bullet does not fire immediately, wait at least 30 seconds before inspecting.
 - Overpressure situations can arise from improper loading or using the wrong components.
- **Avoiding Hazards:**
 - Always check the firearm's chamber and magazine before loading.
 - Use the recommended twist rate (1:9" instead of 1:10") when shooting through transonic conditions.
 - Do not exceed the maximum load specifications provided by your firearm manufacturer.
- **Age Restrictions:**
 - This product is intended for use by individuals aged 18 and older. Ensure that minors are supervised by a responsible adult when using this product.

Instructions for Installation and Usage

- **Installation:**
 - Ensure that your firearm is unloaded and pointed in a safe direction before beginning.
 - Load the MTAC 338 bullets into the magazine carefully, ensuring they are seated properly.
- **Usage:**
 - Always follow the manufacturer's instructions for your specific firearm.
 - When ready to shoot, ensure that the shooting area is clear of people and obstacles.
 - Maintain proper shooting posture and grip for accuracy and safety.
 - After shooting, inspect the firearm and bullets for any signs of malfunction or damage.

Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local regulations.
- Do not throw bullets in regular trash. Instead, contact your local waste management facility for proper disposal methods.
- Ensure that all spent casings and packaging materials are disposed of responsibly.

Contact Information for Further Support

For safety inquiries or additional information regarding the MTAC 338 Caliber bullets, please refer to the manufacturer's website or contact their customer support.

Conclusion

By following these safety instructions, you can ensure a safer experience when using Cutting Edge's MTAC 338 Caliber (0.338") Single Feed Rifle Bullets. Always prioritize safety and responsibility in all shooting activities. Thank you for your attention to these important guidelines.
