

416 Caliber (0.416") SINGLE FEED MTAC BULLETS - CUTTING EDGE BULLETS MTAC 416 CAL (0.416") LEAD FREE HOLLOW POINT 452GR 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

The Cutting Edge MTAC line of bullets are machined out of lead free solid copper bar stock on a CNC swiss lathe. These are a high BC, solid bullet designed exclusively for target use at all ranges. A unique feature of this bullet is their patented SealTite™ band which is a band slightly larger than caliber diameter around the bullet which was designed to eliminate fliers by preventing gas blow-by. The SealTite™ band also decreases copper fouling which is typically associated with mono metal bullets. The required twist rate for this bullet is 1:13" or faster. Due to their length, these MTAC bullets are designed to be single fed.

Attributes

- Name: [CUTTING EDGE BULLETS MTAC 416 CAL \(0.416"\) LEAD FREE HOLLOW POINT 452GR 50/BOX](#)
- Manufacturer: [CUTTING EDGE BULLETS](#)
- Product no.: 749018334
- Mfr. No.: MTAC 416 452 MAX
- Ballistic Coefficient (G1): 0.830
- Ballistic Coefficient (G7): 0.420
- Brand Style: MTAC
- Bullet Style: Copper Hollow Point
- Caliber: 416 Caliber
- Diameter (in): 0.416
- Grain: 452
- Quantity: 50
- Delivery weight: 1.814kg
- Shipping height: 76mm
- Shipping width: 76mm
- Shipping length: 140mm
- UPC: 812191023672

Safety Instruction Guide for 416 Caliber (0.416") Single Feed MTAC Bullets

Introduction

Thank you for choosing the Cutting Edge MTAC 416 Caliber Bullets. This guide provides essential safety guidelines and instructions to ensure safe handling and use of these bullets. Please read this document carefully to understand the necessary precautions and proper usage.

General Safety Guidelines

- Always treat all bullets as if they are loaded and capable of causing harm.
- Store bullets in a cool, dry place away from direct sunlight and moisture.
- Keep bullets out of reach of children and unauthorized persons.
- Regularly inspect bullets for any signs of damage or defects before use.
- Follow all local laws and regulations regarding the use and storage of ammunition.
- Use appropriate protective gear, such as safety glasses and hearing protection, when handling or shooting.

Specific Safety Precautions for Use

- Ensure that your firearm is compatible with 416 Caliber (0.416") bullets before use.
- Always use the correct twist rate (1:13" or faster) for optimal performance.
- Avoid using these bullets in firearms not designed for single feeding.
- Be aware of your surroundings and ensure a safe shooting environment.
- Never point the firearm at anything you do not intend to shoot.
- Do not consume alcohol or drugs before or during the use of firearms.

Instructions for Installation and Usage

1. **Check Compatibility:** Confirm that your firearm is designed for 416 Caliber (0.416") bullets and has the required twist rate.
2. **Loading the Firearm:**
 - Open the action of the firearm.
 - Carefully insert the bullet into the chamber without forcing it.
 - Close the action securely.
3. **Firing:**
 - Ensure a clear line of sight and a safe backdrop.
 - Aim the firearm safely and pull the trigger when ready.
4. **PostUse:**
 - After firing, unload the firearm immediately.
 - Inspect the firearm and bullets for any damage or residue.
 - Store any unused bullets in their original packaging in a safe location.

Disposal Instructions

- Dispose of any unused or damaged bullets according to local regulations.
- Do not throw bullets in regular trash or recycling bins.
- Contact local authorities or hazardous waste disposal services for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of Cutting Edge MTAC Bullets, please refer to the manufacturer's contact information or consult your local firearms expert.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your Cutting Edge MTAC 416 Caliber Bullets. Always prioritize safety and be responsible in your handling and use of ammunition.
