# CUSTOM GRADE RIFLE FULL LENGTH DIE SETS 300 PRC Safety Instruction Guide

## Introduction

Thank you for choosing the Hornady Custom Grade 2Die set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the die set is used only for its intended purpose, which is reloading 300 PRC cartridges.
- Always follow the manufacturer's instructions and guidelines for reloading.
- Store the die set in a cool, dry place, away from direct sunlight and moisture.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear protective eyewear when reloading to prevent injury from debris.
- Use gloves to protect your hands from sharp edges and potential hazards.
- Ensure that your work area is clean and organized to prevent accidents.
- Do not overload the die set beyond its specified limits.
- Be aware of the potential hazards associated with gunpowder and ammunition components.
- Follow all local laws and regulations regarding reloading and ammunition storage.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted to a stable work surface.
- Insert the full length sizing die into the press according to the manufacturer's instructions.
- Adjust the die to achieve the desired sizing of the cartridge case.
- Insert the bullet seating die into the press following the same procedure.

### 2. Usage:

- Before starting, doublecheck that you have all necessary components, including brass cases, primers, powder, and bullets.
- Follow the specific reloading data for 300 PRC cartridges, ensuring you use the correct powder type and charge weight.
- Size the brass cases using the full length sizing die, ensuring proper alignment and smooth operation.
- After sizing, clean the cases to remove any debris or lubricant.
- Proceed to seat the bullets using the bullet seating die, ensuring consistent depth and alignment.
- After reloading, inspect each cartridge for proper assembly and function.
- Store completed cartridges in a safe and secure manner, following local laws and regulations.

## Disposal Instructions

- Dispose of any unused or excess components, such as powder and primers, in accordance with local regulations.

- Do not throw away hazardous materials in regular trash; consult local waste management guidelines for safe disposal methods.
- Ensure that all packaging and materials used during reloading are disposed of responsibly.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and use of the Hornady Custom Grade 2Die set, please consult the manufacturer's official website or contact their customer support team.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your Hornady Custom Grade 2Die set for 300 PRC cartridges. Your safety is our priority. Thank you for choosing Hornady.
