

# FULL LENGTH SIZER DIES - 300 PRC FULL LENGTH SIZER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

## Ensure Your 22 Creedmoor Brass is Sized Right

Precise machining allows accurate reloading by offering easier adjustments, better alignment and smooth functioning. With one of the finest internal finishes in the industry, Hornady® Custom Grade and Match Grade Dies provide a lifetime of reloading. They're so well crafted that they're guaranteed never to break or wear out from normal use. ZIP SPINDLE™ DESIGN: A feature on all full length size dies, the Zip Spindle™ positively locks to eliminate slippage. A series of light threads cut on both the spindle and spindle collet allows incremental adjustments by turning the spindle or it can easily "zip" up or down for larger movements. LOCK RINGS WITH WRENCH FLATS: The Hornady Sure-Loc™ lock rings clamp around the entire die applying constant pressure to hold the ring in place. The locking screw tightens the ring without coming into contact with the threads, eliminating possible damage from pliers. SMOOTH FINISH: Internal die profile is precision machined and polished to a smooth finish for reliable functioning without case sticking or excessive friction. Most of Hornady's pistol dies feature a titanium nitride "gold ring" finish that's harder than carbide and doesn't require lubrication. The super hard coating is perfect for resizing soft pistol brass and won't scratch cases. ELLIPTICAL EXPANDER: Superior to "ball expanders," this Hornady® exclusive provides extremely smooth neck sizing and significantly reduces friction and case neck stretch. Internal threading prevents it from pulling loose and the elliptical expander eliminates the need for a separate expander die for necking-up to the next caliber.

## Attributes

- Name: [300 PRC FULL LENGTH SIZER DIE](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749018597
- Mfr. No.: 046334
- Die Style: Full Length Sizing Die
- Náboje: 300 PRC
- Delivery weight: 0.272kg
- Shipping height: 38mm
- Shipping width: 38mm
- Shipping length: 165mm
- UPC: 090255463347

# FULL LENGTH SIZER DIES 300 PRC Safety Instruction Guide

## Introduction

Thank you for choosing the Hornady® Full Length Sizer Die for your reloading needs. This guide provides essential safety information to ensure the safe and effective use of this product. Please read this manual carefully before using the die to avoid potential hazards and ensure the best performance.

## General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Ensure that the workspace is clean, organized, and free from distractions.
- Keep the reloading area wellventilated to avoid inhaling any dust or particles.
- Store the die and all reloading components in a secure location, away from children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow all manufacturer instructions and guidelines for the use of the die.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Improper use of the die can lead to personal injury or damage to the firearm.
  - Ensure that the die is compatible with your specific firearm and ammunition type.
- **Avoiding Hazards:**
  - Do not exceed the recommended load limits for your reloading components.
  - Always check for obstructions in the die before starting the reloading process.
  - Use the die only for its intended purpose; do not modify or alter it.
  - Keep hands and other body parts clear of moving parts during operation.
- **AgeSpecific Warnings:**
  - This product is intended for use by individuals aged 18 and older.
  - Ensure that younger users are supervised by a knowledgeable adult when using the die.

## Instructions for Installation and Usage

- **Installation:**
  1. Securely mount the die in a reloading press following the manufacturer's instructions.
  2. Ensure that the die is tightened properly to prevent movement during operation.
  3. Adjust the Zip Spindle™ to the desired position for the specific cartridge being reloaded.
- **Usage:**
  1. Begin by preparing your brass cases, ensuring they are clean and free of debris.
  2. Insert the brass case into the die, aligning it properly.
  3. Use the press handle to apply pressure, resizing the case as required.
  4. After resizing, remove the case and inspect it for proper dimensions and any signs of damage.

5. Repeat the process for each case, ensuring consistent results.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Recycle brass cases whenever possible to minimize environmental impact.
- Do not dispose of hazardous materials in regular waste; follow local hazardous waste disposal guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Full Length Sizer Die, please refer to the manufacturer's website or customer support resources. Always ensure that you are following the latest safety guidelines and product updates.

Thank you for prioritizing safety and quality in your reloading practices. Enjoy your reloading experience with the Hornady® Full Length Sizer Die!
