## Shoot Accurately With New Tipped MatchKing Rounds

When it comes to producing the best-possible match ammunition, today's precision shooters often turn to Sierra Bullets and the company's popular MatchKing lineup. Now, Sierra made its top-tier projectile even better with an all-new Tipped MatchKing (TMK) collection of bullets. Each Sierra Tipped MatchKing round is topped with a special tip made from acetal resin. This new design provides improved aerodynamic efficiency, reducing bullet drag and creating a better ballistic coefficient. The rounded profile of the projectile also enables it to feed better from a magazine. Bullet diameter: .224 inch Bullet weight: 60 grains Quantity: 100 or 500 rounds Sierra recommends that those who use their Sierra Tipped MatchKing rounds stick with target shooting or hunting animals no larger than varmints, due to the thicker jacket on these rounds.

# Safety Instruction Guide for TIPPED MATCHKING 22 CALIBER BULLETS

## Introduction

Thank you for choosing the TIPPED MATCHKING 22 CALIBER (0.224") BULLETS. This guide provides important safety instructions to ensure the safe use of this product. It is essential to follow these guidelines to prevent accidents and ensure a safe shooting experience.

## General Safety Guidelines

- Always treat every bullet as if it is loaded.
- Keep bullets out of reach of children and unauthorized users.
- Use only in accordance with local laws and regulations.
- Always wear appropriate safety gear, including eye and ear protection, when handling or shooting.
- Store bullets in a cool, dry place away from direct sunlight and moisture.
- Regularly check for any signs of damage or deterioration in the packaging and product.

## Specific Safety Precautions for Use

- Ensure that your firearm is compatible with .22 caliber (0.224") bullets before use.
- Do not exceed the maximum load specifications recommended by your firearm manufacturer.
- Avoid using the bullets in firearms that are not in good working condition.
- Always inspect the bullets for defects such as dents or deformations before use.
- Never attempt to modify or alter the bullets in any way.
- Do not use these bullets for purposes other than target shooting or hunting small game.
- Be aware of your surroundings and ensure that your shooting area is safe and free of obstructions.

## Instructions for Installation and Usage

- Follow these steps for safe installation and usage:
  1. Ensure that the firearm is unloaded before loading bullets.
  2. Open the packaging and carefully remove the bullets.
  3. Load the bullets into the magazine according to the manufacturer's instructions for your firearm.
  4. Ensure the firearm is pointed in a safe direction before chambering a round.
  5. Once ready, follow the standard procedures for firing your firearm.
  6. After use, unload the firearm and store the bullets in their original packaging or a suitable container.

## Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local regulations.
- Do not throw bullets in regular trash; contact local authorities for proper disposal methods.
- Ensure that all empty packaging is disposed of responsibly, following recycling guidelines where applicable.

## Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the official contact points provided by the manufacturer or your local retailer.

## **Conclusion**

By adhering to these safety instructions, you can ensure a safe and enjoyable experience with your TIPPED MATCHKING 22 CALIBER BULLETS. Always prioritize safety and be responsible when handling ammunition. Thank you for your attention to these guidelines.
