

PREMIUM FULL LENGTH DIE SETS - REDDING 6.5 PRC PREMIUM FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Following the introduction of Bullet Seating Micrometers for our standard series of seating dies, our customers have been asking for complete die sets with this added precision. We have now added two popular upgrades to a select group of "Series A" dies to create the new "Premium" Series Die Sets. The upgrades include combining a Carbide Size Button in the full length sizing die and the Bullet Seating Micrometer on the seating die. The "Premium" Full Length, two (2) die set; contains a carbide Size Button in the full length sizing die and the Bullet Seating Micrometer on the seating die.

Safety Instruction Guide for PREMIUM FULL LENGTH DIE SETS REDDING 6.5 PRC PREMIUM FULL LENGTH DIE SET

Introduction

Thank you for choosing the PREMIUM FULL LENGTH DIE SETS REDDING 6.5 PRC PREMIUM FULL LENGTH DIE SET. This product is designed to provide precision and safety in your reloading activities. Please read this safety instruction guide thoroughly to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always read and follow the manufacturer's instructions and safety warnings.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of wear or damage.
- Store the die set in a dry and secure location to prevent accidents.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the die set.
- Be aware of your surroundings and ensure that the work area is clean and free from obstructions.
- Avoid distractions while using the die set to maintain focus and safety.
- Do not modify or alter the die set in any way, as this may compromise safety.
- Always ensure that the die set is securely mounted before use.
- Follow proper procedures for handling and storing ammunition components.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading press is securely mounted and stable.
- Clean the threads of the die set and the press to ensure a proper fit.
- Thread the fulllength sizing die into the reloading press until it is snug, then lock it in place.
- Install the bullet seating die in the same manner, ensuring it is properly aligned.

2. Usage:

- Refer to the reloading manual for specific instructions on cartridge preparation and bullet seating.
- Adjust the carbide size button and bullet seating micrometer as needed for your specific cartridge.
- Perform a test run with dummy rounds to ensure proper adjustments.
- Regularly check the die set for any signs of wear or damage during use.

Disposal Instructions

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- Recycle materials where possible, following guidelines for metal and plastic disposal.
- Ensure that all components are disposed of in a manner that does not pose a risk to the environment or

public safety.

Contact Information for Further Support

For any inquiries or concerns regarding the PREMIUM FULL LENGTH DIE SETS REDDING 6.5 PRC PREMIUM FULL LENGTH DIE SET, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety instructions, you contribute to a safer reloading experience. Thank you for your attention to safety and for choosing our product.
