# Safety Instruction Guide for PREMIUM DELUXE DIE SETS REDDING 6.5 PRC PREMIUM DELUXE DIE SET

## Introduction

Thank you for choosing the Redding Premium Deluxe Die Set. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your die set. Please read this document thoroughly before using the product.

## General Safety Guidelines

- Ensure that you are familiar with basic reloading procedures and practices.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Inspect the die set for any signs of damage or wear before use. Do not use damaged equipment.
- Follow all local laws and regulations regarding the reloading of ammunition.

## Specific Safety Precautions for Use

- **Carbide Size Button:** The carbide size button in the fulllength sizing die is designed for smooth resizing. Ensure it is clean and free of debris before use.
- **Bullet Seating Micrometer:** Adjust the bullet seating depth incrementally to avoid overseating, which could affect performance and safety.
- **Neck Sizing Die:** Use the neck sizing die only when appropriate for your reloading needs to ensure proper fit and function.
- **Work Area:** Maintain a clean and organized work area to prevent accidents and ensure efficient operation.
- **Material Handling:** Always handle reloading materials with care, and store them in a safe and secure location.
- **Emergency Procedures:** Familiarize yourself with emergency procedures in case of accidents or malfunctions.

## Instructions for Installation and Usage

### 1. Setup:

- Ensure your reloading press is securely mounted and stable.
- Gather all necessary components, including the die set, shell holders, and reloading materials.

### 2. Installing the Dies:

- Insert the fulllength sizing die into the press and secure it according to the manufacturer's instructions.
- Install the bullet micrometer seating die next, ensuring it is properly adjusted.
- Finally, install the neck sizing die if needed.

### 3. Resizing Cases:

- Place a clean, empty case into the shell holder.
- Operate the press to resize the case using the fulllength sizing die.

- Remove the resized case and inspect it for any defects.

#### **4. Seating Bullets:**

- Insert a bullet into the resized case.
- Use the bullet micrometer seating die to adjust the seating depth as needed.
- Make incremental adjustments to achieve the desired depth.

#### **5. Final Inspection:**

- Inspect the completed cartridges for consistency and quality.
- Store completed cartridges in a safe and organized manner.

## **Disposal Instructions**

- Dispose of any damaged or worn components of the die set according to local regulations.
- Recycle packaging materials where possible to minimize environmental impact.
- Ensure that all reloading materials are disposed of safely and in compliance with local laws.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and usage of the Redding Premium Deluxe Die Set, please consult your retailer or the manufacturer's website for additional resources and support.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Redding Premium Deluxe Die Set. Thank you for your attention to safety, and happy reloading!
