# Safety Instruction Guide for Redding #18 Standard Bullet Seating Micrometer

## Introduction

Thank you for choosing the Redding #18 Standard Bullet Seating Micrometer. This guide provides essential safety instructions and usage information to ensure the safe operation of your product. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the micrometer is used only for its intended purpose.
- Keep the micrometer out of reach of children and vulnerable individuals.
- Regularly inspect the micrometer for signs of wear or damage before use.
- Always wear appropriate safety gear when handling reloading equipment.
- Be aware of your surroundings and ensure a safe working environment.
- Follow all local laws and regulations regarding ammunition reloading.

## Specific Safety Precautions for Use

- Handle the micrometer with care to avoid injury from sharp edges.
- Do not use the micrometer if it appears to be damaged or malfunctioning.
- Store the micrometer in a secure location when not in use.
- Avoid using excessive force when adjusting the micrometer to prevent damage.
- Use the micrometer only in a wellventilated area to avoid inhaling any harmful substances.
- Follow the manufacturer's guidelines for the specific Redding Seating Dies you are using.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your Redding Seating Die is clean and free of debris.
- Remove the original seat plug from the die.
- Carefully insert the Redding #18 Standard Bullet Seating Micrometer into the die.
- Secure the micrometer in place according to the die's instructions.

### 2. Usage:

- Adjust the micrometer to the desired bullet seating depth using the calibrated scale.
- Place the bullet into the die and lower the press handle to seat the bullet.
- Check the bullet seating depth using a caliper to ensure accuracy.
- Repeat the process for additional rounds, adjusting as necessary.

## Disposal Instructions

- Dispose of the micrometer in accordance with local regulations.
- Do not dispose of the micrometer in regular household waste.
- Consider recycling the product if possible.

## Contact Information for Further Support

For any questions or concerns regarding the safety and use of the Redding #18 Standard Bullet Seating

Micrometer, please refer to the manufacturer's contact information provided with your product packaging.

## **Conclusion**

By following the guidelines and instructions outlined in this document, you can ensure the safe and effective use of your Redding #18 Standard Bullet Seating Micrometer. Stay informed about product recalls and safety updates through the EU's Safety Gate platform. Thank you for prioritizing safety in your reloading practices.
