

TYPE S MATCH BUSHING FULL DIE SETS - REDDING 224 VALKYRIE BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck. Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

Safety Instruction Guide for Redding Type S Match Bushing Full Die Sets

Introduction

Thank you for choosing the Redding Type S Match Bushing Full Die Set designed for the 224 Valkyrie cartridge. This guide provides essential safety information and instructions to ensure the safe and effective use of your die set. Please read this document carefully before use.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Keep the die set out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of wear or damage before each use.
- If you notice any abnormalities during use, cease operation immediately and consult a professional.

Specific Safety Precautions for Use

- Do not exceed the recommended load specifications for the 224 Valkyrie cartridge.
- Ensure that the bushing is securely installed before resizing or seating bullets.
- Avoid using excessive force when adjusting the die settings; this can lead to equipment failure or injury.
- Be aware of the potential hazards associated with handling ammunition components, including the risk of accidental discharge.
- Always work in a wellventilated area to avoid inhaling any dust or fumes generated during the reloading process.

Instructions for Installation and Usage

Installation

1. Prepare Your Work Area:

- Ensure your workbench is clean and free of any clutter.
- Have all necessary tools and materials ready before starting.

2. Install the Full Length Sizing Die:

- Secure the die in your reloading press according to the manufacturer's guidelines.
- Adjust the die to the desired depth for fulllength resizing.

3. Install the Competition Seating Die:

- Secure the seating die in the press.
- Adjust the micrometer setting to your desired bullet seating depth.

Usage

1. Full Length Resizing:

- Insert the case into the sizing die and activate the press to resize the case.
- Check the neck tension by measuring with a caliper.

2. Bullet Seating:

- Place a bullet on top of the resized case.
- Activate the press to seat the bullet to the predetermined depth using the micrometer.

3. PostUse Care:

- Clean the dies after use to remove any residue or debris.
- Store the die set in a safe, dry place to prevent damage.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of ammunition components in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Redding Type S Match Bushing Full Die Set, please refer to the product packaging for the manufacturer's contact information. It is important to reach out for assistance if you encounter any issues or require further information.

By following these safety instructions, you will enhance your reloading experience and ensure the safe operation of your Redding Type S Match Bushing Full Die Set. Thank you for your commitment to safety.
