

# TYPE S MATCH BUSHING FULL DIE SETS - REDDING 6.5MM PRC BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck.

Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

# Safety Instruction Guide for Redding Type S Match Bushing Full Die Sets

## Introduction

Thank you for choosing the Redding Type S Match Bushing Full Die Set. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your die set. Please read this manual carefully before use to understand the potential hazards and how to avoid them.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as described in this guide.
- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Keep the die set out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of wear or damage before each use.
- If you notice any malfunction or damage, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Always follow the manufacturer's instructions for setup and operation.
- Use the die set in a wellventilated area to avoid inhaling any dust or particles.
- Do not exceed the recommended sizing and seating specifications as outlined in the product manual.
- Be cautious when handling reloading components, including primers and powders, as they can be hazardous.
- Avoid distractions while using the die set to maintain focus and prevent accidents.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Attach the Type S Bushing Full Sizing Die to the press according to the manufacturer's instructions.
- Insert the appropriate bushing for your desired neck tension.
- Install the Competition Bullet Seating Die in the same manner.

### 2. Usage:

- Begin by resizing your brass cases using the Type S Bushing Full Sizing Die.
- Adjust the die to achieve the desired neck tension by changing the bushing as needed.
- After resizing, proceed to seat the bullets using the Competition Bullet Seating Die.
- Use the micrometer to adjust the seating depth precisely in increments of .001".
- Regularly check the concentricity of the seated bullets to ensure optimal performance.

## Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of hazardous materials, such as primers or powders, in regular trash.
- Contact your local waste management facility for proper disposal methods and locations.

## Contact Information for Further Support

For any questions or concerns regarding the safety or use of your Redding Type S Match Bushing Full Die Set,

please refer to the contact information provided by the manufacturer or visit their official website for further assistance.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Redding Type S Match Bushing Full Die Set. Remember to stay informed about product recalls and safety updates through the EU's Safety Gate platform. Thank you for prioritizing safety in your reloading practices.
