

# COMPETITION SEATER DIES - REDDING 6.5MM PRC BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001"" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

# Safety Instruction Guide for COMPETITION SEATER DIES REDDING 6.5MM PRC BULLET SEATING DIE

## Introduction

Thank you for choosing the Redding Competition Bullet Seater. This guide provides essential safety instructions and information to ensure the safe and effective use of your bullet seating die. Please read this guide thoroughly before use.

## General Safety Guidelines

- Ensure the die is used only for the intended purpose of seating bullets in the 6.5 PRC cartridge.
- Always handle the die with care to avoid injury.
- Keep the die and all reloading equipment out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow all local laws and regulations regarding ammunition reloading and safety.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses, when handling and using the die.
- Ensure the workspace is clean and welllit to prevent accidents.
- Do not exceed the recommended load specifications for the 6.5 PRC cartridge.
- Be aware of your surroundings and ensure no unauthorized persons are present while reloading.
- If you experience any difficulties or malfunctions with the die, stop using it immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that your reloading press is securely mounted and stable.
- Carefully screw the Redding Competition Bullet Seater into the press using the 7/814 thread.
- Tighten the die securely but avoid overtightening, which may damage the threads.

### 2. Usage

- Set the micrometer to your desired seating depth by turning the adjustment knob.
- Place a bullet into the seating chamber and align it with the cartridge case.
- Pull the press handle to seat the bullet into the cartridge.
- Check the seating depth using a caliper to ensure it meets your specifications.
- Adjust the micrometer as needed for precise seating depth adjustments.

## Disposal Instructions

- Dispose of any damaged or worn parts of the die in accordance with local regulations.
- Do not throw the die into regular waste. Check with local authorities for proper disposal methods for metal and plastic components.

## **Contact Information for Further Support**

For any safety inquiries or support, please contact your local distributor or manufacturer. Ensure you have the product details on hand for reference.

Thank you for taking the time to read this safety instruction guide. By following these guidelines, you can ensure a safe and effective reloading experience with your Redding Competition Bullet Seater.
