

# TYPE S BUSHING NECK DIES - REDDING TYPE S BUSHING NECK DIE 6.5 PRC

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Type S Bushing Neck Die provides reloaders with a simple means to precisely control case neck size and tension. Uses interchangeable sizing bushing available in .001" increments The adjustable decapping rod allows positioning the bushing to resize only a portion of the neck length if desired. Concentricity is enhanced by the ability of the resizing bushing to self-center on the case neck. The decapping rod is supplied with a standard size button. This is especially useful for reloaders who are using commercial brass as is. A decapping pin retainer is also supplied with most Type S Bushing Dies except 17 and 20 Caliber This enables neck sizing without the use of the size button for those who sort and/or turn case necks for uniformity.

## Attributes

# Safety Instruction Guide for TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 6.5 PRC

## Introduction

Thank you for choosing the TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 6.5 PRC. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this document carefully before using the die to understand potential hazards and how to operate it safely.

## General Safety Guidelines

- Ensure that the die is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating or handling the die.
- Keep the work area clean and welllit to avoid accidents.
- Store the die in a safe, dry place when not in use to prevent damage and ensure longevity.
- Be aware of your surroundings and ensure that bystanders are at a safe distance while using the die.
- Do not use the die for any purpose other than its intended use.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Sharp edges: The die may have sharp components that can cause cuts or injuries.
  - Small parts: Be cautious of small parts that may pose a choking hazard, especially for children.
- **Avoiding Hazards:**
  - Always handle the die with care to avoid injury from sharp edges.
  - Keep the die and its components out of reach of children and pets.
  - Inspect the die before use to ensure that all parts are intact and functioning correctly.
  - If any parts are damaged or missing, do not use the die until it is repaired or replaced.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Insert the Type S Bushing Neck Die into the reloading press according to the manufacturer's instructions.
- Adjust the die to the desired position for neck sizing.

### 2. Usage:

- Select the appropriate sizing bushing for your desired neck size.
- Use the adjustable decapping rod to position the bushing as needed.
- When resizing, ensure the case is properly centered in the die to enhance concentricity.
- Follow all recommended procedures for decapping and neck sizing as outlined in the manufacturer's instructions.

## Disposal Instructions

- Dispose of any damaged or unusable dies and components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check with local waste management authorities for

proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of this product, please refer to the manufacturer's contact information provided with your purchase. You can also check for updates and recalls on the EU's Safety Gate platform.

By following these safety instructions, you can ensure a safe and effective reloading experience with the TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 6.5 PRC. Thank you for your attention to safety!
