

# BODY DIES - REDDING 224 VALKYRIE BODY DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Body Dies are designed to full length resize the case body, bump the shoulder position for proper chambering, but not size the neck at all. They are made without internal parts and are intended for resizing cases which have become increasingly difficult to chamber after repeated firing. After using a body die, the case should be run through the neck die to achieve proper neck tension. Sold separately or as part of a set.

## Attributes

- Name: [REDDING 224 VALKYRIE BODY DIE](#)
- Manufacturer: [REDDING](#)
- Product no.: 749018632

# BODY DIES REDDING 224 VALKYRIE BODY DIE

## Safety Instruction Guide

### Introduction

Thank you for choosing the BODY DIES REDDING 224 VALKYRIE BODY DIE. This guide provides essential safety instructions to ensure the safe use of this product. By following these guidelines, you can minimize risks and enhance your reloading experience.

### General Safety Guidelines

- Always read and understand the instructions before using the BODY DIE.
- Ensure your workspace is clean and organized to prevent accidents.
- Use the BODY DIE only for its intended purpose: resizing cases for the 224 Valkyrie cartridge.
- Keep the BODY DIE out of reach of children and vulnerable individuals.
- Regularly check the BODY DIE for signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding the use of reloading equipment.

### Specific Safety Precautions for Use

- Wear appropriate safety gear, including safety glasses and gloves, when operating the BODY DIE.
- Ensure that the reloading press is securely mounted and stable during use.
- Avoid oversizing the case; follow the manufacturer's guidelines for proper resizing.
- Do not attempt to modify the BODY DIE in any way, as this can lead to unsafe conditions.
- Be cautious of sharp edges on the die and related equipment.

### Instructions for Installation and Usage

#### 1. Installation

- Ensure that the reloading press is turned off and unplugged before installation.
- Carefully insert the BODY DIE into the reloading press according to the manufacturer's instructions.
- Tighten the die securely to prevent movement during operation.

#### 2. Usage

- Place a fired case into the reloading press.
- Operate the press to resize the case body and bump the shoulder position without affecting the neck.
- After using the BODY DIE, run the resized case through a neck die to achieve proper neck tension.
- Inspect the resized case for any abnormalities before using it for reloading.

### Disposal Instructions

- Dispose of any damaged or worn components of the BODY DIE in accordance with local waste disposal regulations.
- Do not dispose of the BODY DIE in regular household waste. Check with local authorities for proper disposal methods.

### Contact Information for Further Support

For any safety inquiries or concerns regarding the BODY DIES REDDING 224 VALKYRIE BODY DIE, please refer to

the manufacturer's contact information provided on the product packaging or official website.

## **Conclusion**

By adhering to these safety instructions, you can ensure a safe and effective reloading process with the BODY DIES REDDING 224 VALKYRIE BODY DIE. Always prioritize safety and stay informed about product recalls and updates through official channels. Thank you for your attention to these important safety guidelines.
