

# MASTER HUNTER DELUXE CARBIDE DIE SETS - REDDING 22-250 REMINGTON MH-C DELUXE DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Master Hunter Die Sets were inspired by the success of our National Match Dies. Experienced hunters know that full length resizing is important when a high stress follow-up shot is needed in the “real world” of hunting. The Master Hunter “Deluxe” Die Sets now add the option of neck sizing for optimal on-the-range load development. Master Hunter “Deluxe” three (3) Die Set – combines the two Die Set with the addition of a Standard Neck Sizing Die.

# **Safety Instruction Guide for MASTER HUNTER DELUXE CARBIDE DIE SETS REDDING 22250 REMINGTON MHC DELUXE DIE SET**

## **Introduction**

Thank you for choosing the Master Hunter Deluxe Carbide Die Sets. Designed for experienced hunters, this die set is engineered to ensure optimal performance and safety during your reloading process. Please read this safety instruction guide carefully to understand how to use this product safely and effectively.

## **General Safety Guidelines**

- Ensure that you are familiar with the operation of reloading equipment before using this die set.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading.
- Keep the workspace clean and organized to prevent accidents.
- Store the die set in a dry, cool place away from direct sunlight and moisture.
- Regularly inspect the die set for any signs of wear or damage before use.
- Do not modify the die set in any way as it may compromise safety and performance.

## **Specific Safety Precautions for Use**

- Always follow the manufacturer's instructions for reloading ammunition.
- Use only the recommended cartridge (22250 Remington) with this die set.
- Ensure that the die set is properly installed in the reloading press before use.
- Avoid overtightening the dies, which can lead to damage or malfunction.
- Keep hands and other body parts clear of moving parts during operation.
- Do not attempt to reload ammunition if you are under the influence of alcohol or drugs.
- Be aware of your surroundings and ensure that no unauthorized persons are near your workspace while reloading.

## **Instructions for Installation and Usage**

### **1. Installation of the Die Set:**

- Remove the die set from its packaging and inspect it for any damage.
- Select the appropriate die from the set (Full Length Die or Standard Neck Sizing Die).
- Install the die into the reloading press according to the manufacturer's instructions.
- Secure the die in place without overtightening.

### **2. Reloading Process:**

- Prepare your brass cases by cleaning and inspecting them for defects.
- Follow the reloading data provided by reputable sources to determine the correct powder charge and bullet type.
- Insert the brass case into the reloading press and follow the steps for resizing and neck sizing as applicable.
- After reloading, ensure that all rounds are properly labeled and stored.

### **3. PostUse Care:**

- Clean the die set after each use to prevent corrosion and maintain performance.
- Store the die set in its original packaging or a suitable container to protect it from damage.

## **Disposal Instructions**

- Dispose of any spent cartridges and reloading materials in accordance with local regulations.
- Do not dispose of the die set in regular household waste. Instead, contact local authorities for safe disposal methods.

## **Contact Information for Further Support**

For any safety inquiries, concerns, or to report unsafe products, please consult local authorities or the relevant consumer safety organizations in your area. Regularly check for recall updates through the EU's Safety Gate platform to stay informed about product safety.

By following these safety instructions, you ensure not only your safety but also the safety of those around you. Happy reloading!
