

MASTER HUNTER DELUXE CARBIDE DIE SETS - REDDING 30-06 SPRINGFIELD MH-C DELUXE DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Master Hunter Die Sets were inspired by the success of our National Match Dies. Experienced hunters know that full length resizing is important when a high stress follow-up shot is needed in the “real world” of hunting. The Master Hunter “Deluxe” Die Sets now add the option of neck sizing for optimal on-the-range load development. Master Hunter “Deluxe” three (3) Die Set – combines the two Die Set with the addition of a Standard Neck Sizing Die.

MASTER HUNTER DELUXE CARBIDE DIE SETS REDDING 3006 SPRINGFIELD MHC DELUXE DIE SET Safety Instruction Guide

Introduction

Thank you for choosing the Master Hunter Deluxe Carbide Die Set. This guide provides essential safety instructions and guidelines to ensure the safe use of your die set. It is important to follow these instructions carefully to minimize risks and maximize your experience while using the product.

General Safety Guidelines

- Ensure that you are familiar with the operation of reloading equipment and follow all manufacturer instructions.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using reloading tools.
- Keep your workspace clean and organized to avoid accidents.
- Store all reloading components, including dies, in a secure location away from children and pets.
- Regularly inspect your die set for wear and damage. Do not use damaged equipment.
- Follow all local laws and regulations regarding the handling and storage of ammunition and reloading components.

Specific Safety Precautions for Use

- Only use the Master Hunter Deluxe Die Set with compatible cartridges, specifically the 3006 Springfield.
- Avoid using excessive force when resizing cases; this can lead to equipment failure or personal injury.
- Do not attempt to modify or alter the die set in any way.
- Ensure that your reloading press is securely mounted and stable before use.
- Always doublecheck your load data and follow recommended guidelines for safe loading practices.
- Be aware of the risk of primer ignition; handle primers with care and avoid static discharge.

Instructions for Installation and Usage

1. Installation of the Die Set

- Remove the die set from the packaging.
- Clean the dies with a lintfree cloth to remove any protective oil.
- Install the fulllength resizing die into your reloading press, following the manufacturer's instructions for your specific press model.
- Adjust the die to ensure proper contact with the shell holder.

2. Using the Die Set

- Begin by preparing your brass cases. Inspect them for damage and clean them thoroughly.
- Insert the brass case into the shell holder and raise the ram to engage the die.
- Follow the die set instructions for resizing and neck sizing operations.
- Use the standard neck sizing die for optimal load development when necessary.
- After resizing, inspect each case for proper dimensions and integrity.

3. PostUse Care

- Clean the dies after use to remove any residue.

- Store the die set in a dry, cool environment to prevent rust and damage.

Disposal Instructions

- Dispose of any damaged or worn reloading components in accordance with local regulations.
- Do not discard dies in regular household waste; consult local authorities for proper disposal methods.
- Ensure that all hazardous materials, such as primers and powder, are disposed of safely and responsibly.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please refer to the contact information provided by the retailer from whom you purchased the die set. Always ensure you have the product details ready when seeking assistance.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the Master Hunter Deluxe Carbide Die Set. Thank you for your attention to safety and for choosing our product.
