

MASTER HUNTER DELUXE CARBIDE DIE SETS - REDDING 308 WINCHESTER MH-C DELUXE DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Master Hunter Die Sets were inspired by the success of our National Match Dies. Experienced hunters know that full length resizing is important when a high stress follow-up shot is needed in the “real world” of hunting. The Master Hunter “Deluxe” Die Sets now add the option of neck sizing for optimal on-the-range load development. Master Hunter “Deluxe” three (3) Die Set – combines the two Die Set with the addition of a Standard Neck Sizing Die.

Safety Instruction Guide for MASTER HUNTER DELUXE CARBIDE DIE SETS REDDING 308 WINCHESTER MHC DELUXE DIE SET

Introduction

Thank you for choosing the MASTER HUNTER DELUXE CARBIDE DIE SETS REDDING 308 WINCHESTER MHC DELUXE DIE SET. This product is designed for experienced hunters and reloaders who require precision and reliability in their ammunition preparation. This guide provides essential safety instructions to ensure safe use and compliance with EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle reloading equipment and components with care.
- Ensure that the workspace is clean, organized, and free from distractions.
- Keep all equipment out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Be aware of potential hazards associated with each component of the reloading process.
- Follow all manufacturer instructions carefully and ensure that you understand them before proceeding.
- Regularly inspect your equipment for any signs of wear or damage.

Specific Safety Precautions for Use

- **Cartridge Safety:** Only use the die set with the specified cartridge, which is 308 Winchester. Using the die with other cartridges may result in malfunction or injury.
- **Full Length Resizing:** When resizing cases, ensure proper adjustment of the die to avoid excessive force, which could damage the die or the cartridge case.
- **Neck Sizing:** If using the neck sizing die, confirm that it is correctly set up to avoid issues with chambering.
- **Ammunition Storage:** Store reloaded ammunition in a cool, dry place away from direct sunlight and heat sources.
- **Component Compatibility:** Ensure that all components used in the reloading process (powder, primers, bullets) are compatible with 308 Winchester specifications.
- **FollowUp Shots:** Be aware that fulllength resizing is crucial for followup shots in hunting situations; ensure proper resizing for reliability.

Instructions for Installation and Usage

1. Unpacking and Inspection:

- Carefully unpack the die set and inspect all components for any damage.
- Ensure all parts are included as per the product specifications.

2. Setup:

- Install the fulllength resizing die into your reloading press according to the manufacturer's instructions.
- Adjust the die to achieve the desired shoulder bump based on your specific chamber dimensions.

3. Neck Sizing Die Installation:

- Install the neck sizing die in the same manner as the fulllength resizing die.
- Make necessary adjustments to ensure proper sizing without overworking the brass.

4. Reloading Process:

- Begin the reloading process by following standard reloading practices:
 - Clean and inspect brass cases.
 - Use the resizing die to resize cases.
 - Follow with the neck sizing die if applicable.
 - Charge the cases with the appropriate amount of powder.
 - Seat the bullets to the correct depth.

5. Quality Control:

- After reloading, inspect each round for consistency and proper seating.
- Test fire in a safe environment to confirm reliability before taking them into the field.

Disposal Instructions

- Dispose of any damaged or unusable die components in accordance with local waste disposal regulations.
- Do not discard any hazardous materials (e.g., primers, powders) in regular trash. Follow local regulations for hazardous waste disposal.
- Recycle packaging materials responsibly.

Contact Information for Further Support

For any safety inquiries or concerns regarding the MASTER HUNTER DELUXE CARBIDE DIE SETS, please refer to the manufacturer's website or customer service for assistance. Ensure that all questions regarding safety and usage are directed to qualified representatives.

By following these safety instructions, you can ensure a safe and effective reloading experience with the MASTER HUNTER DELUXE CARBIDE DIE SETS REDDING 308 WINCHESTER MHC DELUXE DIE SET. Always prioritize safety and adhere to best practices in ammunition reloading.
