

CHAMBER TYPE BULLET SEATER DIES - L.E. WILSON 224 VALKYRIE BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson chamber type bullet seater is a favorite among benchrest shooters. A chamber type bullet seater positively controls both bullet and cartridge case alignment. The case and bullet are completely captured by the die prior to the bullet being pushed straight into the case by a close-fitting seating stem. This style of bullet seater works more accurately than a conventional 7/8 inch to 14 bullet seating die. This is one of the most accurate bullet seaters ever made!

Attributes

Safety Instruction Guide for CHAMBER TYPE BULLET SEATER DIES L.E. WILSON 224 VALKYRIE BULLET SEATING DIE

Introduction

Thank you for choosing the CHAMBER TYPE BULLET SEATER DIES L.E. WILSON 224 VALKYRIE BULLET SEATING DIE. This product is designed for precision bullet seating and is favored by benchrest shooters. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always handle the bullet seating die with care to prevent injury.
- Ensure that the workspace is clean and organized to minimize accidents.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Keep the die and all related tools out of reach of children and unauthorized users.
- Regularly inspect the bullet seating die for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of reloading equipment and ammunition.

Specific Safety Precautions for Use

- Ensure that the bullet seating die is compatible with the 224 Valkyrie cartridge before use.
- Do not exceed the recommended load specifications for the 224 Valkyrie cartridge.
- Always use the die in a wellventilated area to avoid inhaling any potentially harmful substances.
- Never attempt to modify or disassemble the bullet seating die, as this may lead to malfunction or injury.
- Store the die in a safe location when not in use, preferably in a protective case.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Thread the bullet seating die into the press according to the manufacturer's instructions.
- Adjust the die to the desired seating depth as per your specifications.

2. Usage:

- Place a cartridge case into the shell holder of the press.
- Insert a bullet into the case mouth.
- Engage the press handle to lower the bullet seating stem into the case, ensuring that the bullet is seated straight.
- Check the alignment of the bullet and cartridge case before fully seating.
- After seating, remove the completed cartridge from the press and inspect it for proper seating depth.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the bullet seating die in regular household waste.
- Check with local authorities for designated disposal sites for reloading equipment.

Contact Information for Further Support

For any safety inquiries or further support, please reach out to the designated EU contact point for this product. Ensure you have the product information ready for assistance.

Thank you for your attention to these safety guidelines. Enjoy your reloading experience with the CHAMBER TYPE BULLET SEATER DIES L.E. WILSON 224 VALKYRIE BULLET SEATING DIE safely and responsibly.
