

# BUSHING FULL LENGTH DIES - L.E. WILSON 300 WINCHESTER MAGNUM BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Mad from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

# Safety Instruction Guide for Bushing Full Length Dies L.E. Wilson 300 Winchester Magnum

## Introduction

Thank you for choosing the Bushing Full Length Die by L.E. Wilson for your reloading needs. This guide provides essential safety instructions to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure safe handling and usage of the die to prevent accidents or injuries.
- Always follow the manufacturer's instructions and guidelines.
- Be aware of any potential hazards associated with the use of reloading equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for updates on product safety and recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear appropriate safety gear, including safety glasses and gloves, when using the die.
- **Work Environment:** Ensure your work area is clean, welllit, and free of distractions.
- **Die Handling:** Handle the die with care to avoid damaging it or causing injury.
- **Reloading Practices:** Follow safe reloading practices, including verifying powder charges and using the correct components.
- **Storage:** Store the die in a secure location when not in use to prevent unauthorized access.

## Instructions for Installation and Usage

### 1. Setup:

- Ensure your reloading press is compatible with the die.
- Securely mount the die in the press using the provided lock nut. The thickness of the lock nut is .225" from inside to outermost edge.

### 2. Adjusting the Decapping Rod:

- The die includes an adjustable depth decapping rod. Adjust it according to your reloading requirements.

### 3. Using the Die:

- Insert the case into the die and ensure it is properly aligned.
- Apply consistent pressure to resize the case neck and body simultaneously.
- Check the neck tension after resizing to ensure it meets your specifications.

### 4. Neck Bushing:

- Note that neck bushings are sold separately. It is recommended to use L.E. Wilson neck bushings for optimal performance, although Redding bushings will also fit.

### 5. Maintenance:

- Regularly clean the die to remove any debris and ensure smooth operation.

- Inspect the die for wear or damage before each use.

## **Disposal Instructions**

- When the die reaches the end of its useful life or is no longer needed, dispose of it in accordance with local regulations for metal waste.
- Do not dispose of the die in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the Bushing Full Length Die, please refer to the manufacturer's official contact channels. Ensure you have the product details ready for a more efficient response.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Bushing Full Length Die by L.E. Wilson. Thank you for your attention to safety, and happy reloading!
