

7.62X54R BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

A lot of guys across the land have a Mosin-Nagant or know someone who does. The old Mosins are everywhere. And of course they are chambered in 7.62x54R. But most of the 7.62 x 54R ammo available for them is in old brass casings or cheap steel casings. Much of the Mil Surp ammo uses Berdan primers which can be a hassle if you want to reload. For those who like using their Mosin-Nagant for hunting or for those who have a Dragunov marksman rifle and want to maximize its accuracy, you now have another option, from Peterson Cartridge. Petersons goal when creating this brass was to produce a top-quality, match-grade 7.62x54R casing. As with all Peterson cases, the heads are harder than most which allows for more reloads of each case and prevent premature loosening of the primer pockets.

Attributes

- Name: [7.62X54R BRASS 50/BOX](#)
- Manufacturer: [PETERSON CARTRIDGE](#)
- Product no.: 749018846
- Mfr. No.: PCC762X54R50
- Cartridge: 7.62x54R
- Rounds: 50
- Quantity: 50
- Delivery weight: 0.869kg
- Shipping height: 89mm
- Shipping width: 95mm
- Shipping length: 191mm
- UPC: 859449006490

Item details

Made in USA

Safety Instruction Guide for 7.62X54R BRASS Ammunition

Introduction

Welcome to the safety instruction guide for the 7.62X54R BRASS ammunition. This guide is designed to help you understand the safe use, handling, and disposal of this product in accordance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that all ammunition is stored in a cool, dry place away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized individuals.
- Always handle ammunition with care and respect. Treat every round as if it is live.
- Use only in firearms that are specifically chambered for 7.62X54R.
- Regularly inspect your firearm and ammunition for signs of damage or wear.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when firing.
- Ensure that you are in a safe and legal location to discharge firearms.
- Never point your firearm at anything you do not intend to shoot.
- Be aware of your surroundings and ensure that there is a safe backstop when shooting.
- If you experience a misfire, wait at least 30 seconds before attempting to remove the cartridge from the chamber.
- Do not attempt to modify or alter the ammunition in any way.

Instructions for Installation and Usage

1. Loading the Ammunition:

- Ensure that the firearm is on safe and pointed in a safe direction.
- Open the action of the firearm and inspect the chamber to ensure it is clear.
- Load the 7.62X54R BRASS ammunition into the magazine or chamber as per the firearm's manual.
- Close the action and ensure the firearm is secure.

2. Firing the Ammunition:

- Ensure you are in a safe position with a clear line of sight to your target.
- Disengage the safety mechanism of your firearm.
- Aim carefully and squeeze the trigger smoothly.
- After firing, keep the firearm pointed downrange until you are ready to reload or cease firing.

3. PostFiring Procedures:

- Always keep the firearm pointed in a safe direction.
- Eject any spent casings and inspect the firearm for any issues.
- Store the remaining ammunition securely.

Disposal Instructions

- Dispose of spent casings and any unused ammunition in accordance with local regulations.
- Do not throw ammunition in regular trash. Instead, contact local authorities for guidance on proper disposal.

disposal methods.

- Ensure that all materials are kept out of reach of children and pets during disposal.

Contact Information for Further Support

For any safety inquiries or concerns regarding the 7.62X54R BRASS ammunition, please refer to the local authorities or the manufacturer's guidelines. Always ensure you have the most current safety information and updates.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your 7.62X54R BRASS ammunition. Remember to always prioritize safety and be aware of your surroundings when handling firearms and ammunition.
