

WILSON CASE GAGE - L.E. WILSON 300 PRC CASE GAGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

The most important use of a cartridge case gage is for setting up 7/8"-14 press type full length resizing dies. A common error in reloading is to oversize your brass. Headspace of fired cases can quickly and accurately be measured using this tool and a caliper. Regular Style: This one piece gage will check overall length to indicate a need for trimming and datum to head length to assure correct headspace to prevent over sizing. Adjustable Style: For belted mags. While the belt provides support for proper headspace, the life of the case will drastically shorten unless resizing is held to a minimum at the shoulder.
SPECIAL ORDER CASE GAGES ARE AVAILABLE---MEASURE CASE LENGTH ONLY

Attributes

- Name: [L.E. WILSON 300 PRC CASE GAGE](#)
- Manufacturer: [L.E. WILSON, INC.](#)
- Product no.: 749018851
- Mfr. No.: CG-3PRC
- Cartridge: 300 PRC
- Delivery weight: 0.091kg
- Shipping height: 38mm
- Shipping width: 38mm
- Shipping length: 89mm
- UPC: 815145027283

WILSON CASE GAGE Safety Instruction Guide

Introduction

Thank you for choosing the WILSON CASE GAGE for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully before using the case gage.

General Safety Guidelines

- **Product Safety:** The WILSON CASE GAGE is designed to ensure safe use in reloading practices. Always use this tool according to the instructions provided.
- **Enhanced Recalls:** Stay informed about any product recalls. If you receive a recall notice, follow the instructions provided for safe return or remedy.
- **Online Shopping:** If you purchased this product online, ensure that the seller complies with the same safety standards as physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach to ensure safety.
- **EU Contact Point:** For any safety inquiries, refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Be aware of any updates regarding the safety of this product through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Use Protective Gear:** Always wear safety glasses and gloves when handling and using reloading tools.
- **Check for Damage:** Before each use, inspect the case gage for any signs of damage or wear. Do not use if damaged.
- **Proper Handling:** Handle the case gage with care. Avoid dropping or mishandling to prevent injury or damage.
- **Follow Instructions:** Always follow the manufacturer's instructions for setup and use to avoid accidents.
- **Store Safely:** Keep the case gage in a secure location when not in use to prevent unauthorized access.

Instructions for Installation and Usage

1. Setting Up the Gage:

- Ensure that your reloading press is securely mounted and stable.
- If using the Regular Style gage, insert the case into the gage to measure overall length and headspace.
- For the Adjustable Style gage, ensure the gage is adjusted correctly for belted magnum cases.

2. Measuring Cases:

- Use a caliper to measure the headspace of fired cases accurately.
- Check for oversizing by comparing measurements against specifications for 300 PRC cartridges.

3. Trimming:

- If the overall length indicates trimming is necessary, use appropriate trimming tools to achieve the correct length.

4. Resizing:

- When resizing brass, ensure that the shoulder is resized minimally to prolong the life of the case.
- Always check the resized case against the gage to confirm correct headspace.

5. Regular Maintenance:

- Clean the gage regularly to ensure accuracy and longevity.
- Store in a dry place to avoid rust or corrosion.

Disposal Instructions

- Dispose of any damaged or unusable parts of the gage in accordance with local waste disposal regulations.
- If you no longer need the gage, consider recycling it if possible, or dispose of it in a way that minimizes environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the WILSON CASE GAGE, please refer to the contact information provided by the retailer or manufacturer. Ensure you have the product details available for a more efficient response.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your WILSON CASE GAGE. Always prioritize safety and consult the guidelines whenever you are in doubt. Thank you for your attention to these important safety measures.
