

BUSHING FULL LENGTH DIES - L.E. WILSON 28 NOSLER BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Made from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

Safety Instruction Guide for BUSHING FULL LENGTH DIES L.E. WILSON 28 NOSLER BUSHING FULL LENGTH DIE

Introduction

Thank you for choosing the BUSHING FULL LENGTH DIES L.E. WILSON 28 NOSLER BUSHING FULL LENGTH DIE. This product is designed to assist in the reloading process, allowing you to size the case neck to your desired tension while also sizing the case body. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure the die is used only for its intended purpose of reloading ammunition.
- Always follow the manufacturer's instructions when using the die.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Inspect the die for damage or wear before each use. Do not use if damaged.
- Store the die in a cool, dry place to prevent rust and deterioration.
- Familiarize yourself with local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when reloading ammunition.
- Ensure that your reloading workspace is wellventilated and free of flammable materials.
- Use caution when handling primers and powders, as they can be hazardous if not managed properly.
- Do not exceed the recommended load data provided by reliable sources.
- Avoid distractions while reloading to maintain focus and precision.
- If you are new to reloading, seek guidance from experienced reloaders or consult instructional materials.

Instructions for Installation and Usage

1. Installation of the Die:

- Ensure your reloading press is securely mounted and properly adjusted.
- Insert the BUSHING FULL LENGTH DIE into the reloading press according to the manufacturer's instructions.
- Adjust the die to the desired depth using the adjustable depth decapping rod.

2. Usage of the Die:

- Place a clean, empty case into the shell holder of the reloading press.
- Pull the press handle down to size the case neck and body simultaneously.
- Inspect the sized case for proper dimensions and neck tension.
- If necessary, replace the neck bushing with the appropriate size for your needs (sold separately).

3. PostUse Care:

- After use, clean the die to remove any residue or debris.
- Store the die in its original packaging or a secure container to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of any materials in regular household waste if they are considered hazardous.
- Consult local waste management authorities for proper disposal methods for reloading materials.

Contact Information for Further Support

For further information regarding safety inquiries, please refer to the manufacturer's contact details provided with the product packaging or visit the manufacturer's website for support resources.

By following these safety instructions and guidelines, you can ensure a safe and effective experience while using the BUSHING FULL LENGTH DIES L.E. WILSON 28 NOSLER BUSHING FULL LENGTH DIE. Always prioritize safety and compliance with local regulations during your reloading activities.
