

# BUSHING FULL LENGTH DIES - L.E. WILSON 300 PRC BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Mad from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

# Safety Instruction Guide for BUSHING FULL LENGTH DIES L.E. WILSON 300 PRC

## Introduction

Thank you for choosing the BUSHING FULL LENGTH DIES L.E. WILSON 300 PRC. This product is designed to help you achieve optimal case neck sizing and body dimensions for your reloading needs. It is essential to use this product safely and correctly to ensure the best performance and to minimize any risks associated with its use. This guide provides comprehensive safety instructions in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand all instructions before using the product.
- Ensure that the die is used only for its intended purpose.
- Keep the die out of reach of children and vulnerable individuals.
- Inspect the die for any damage or wear before each use.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling materials.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Sharp edges: The die has sharp components that can cause cuts.
- Heavy components: The die may be heavy, posing a risk of injury if dropped.
- Improper use: Using the die inappropriately can lead to accidents or damage.

### • Avoiding Hazards:

- Handle the die carefully to avoid cuts from sharp edges.
- Use both hands when lifting or moving the die to prevent dropping it.
- Follow all instructions for use to avoid accidents.

### • AgeSpecific Warnings:

- This product is not intended for use by individuals under the age of 18. Keep out of reach of children.

## Instructions for Installation and Usage

### • Installation:

1. Ensure that your reloading press is compatible with the standard 7/8ths size.
2. Securely attach the BUSHING FULL LENGTH DIE to the reloading press.
3. Adjust the die to the desired depth using the adjustable depth decapping rod.

### • Usage:

1. Prepare your cases by ensuring they are clean and free from debris.
2. Insert the case into the die and apply steady pressure to size the case neck and body.

3. Use the extra decapping punch included with the die to remove spent primers.
4. After sizing, check the case dimensions to ensure they meet your specifications.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the die becomes damaged or unusable, contact your local waste management facility for proper disposal methods.
- Do not dispose of the die in regular household waste. Follow local guidelines for hazardous materials if applicable.

## **Contact Information for Further Support**

For any inquiries regarding the safety or use of the BUSHING FULL LENGTH DIES L.E. WILSON 300 PRC, please refer to the appropriate contact resources available in your region. Ensure that you have the product information ready when seeking assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your BUSHING FULL LENGTH DIES L.E. WILSON 300 PRC. Thank you for your attention to safety and compliance.
