

# BUSHING FULL LENGTH DIES - L.E. WILSON 6MM BRA BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Made from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

# Safety Instructions for BUSHING FULL LENGTH DIES L.E. WILSON 6MM BRA

## Introduction

Thank you for choosing the BUSHING FULL LENGTH DIES L.E. WILSON 6MM BRA. This product is designed to provide precision and efficiency in reloading. It is essential to follow safety guidelines to ensure safe and effective use of this product. This guide outlines general safety guidelines, specific precautions, installation instructions, and disposal information.

## General Safety Guidelines

- Always handle reloading dies with care to avoid injury.
- Keep the dies and all reloading components out of reach of children and unauthorized users.
- Inspect the dies regularly for wear or damage before use.
- Use the dies only for their intended purpose as specified in this manual.
- Ensure that your workspace is clean and organized to prevent accidents.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.

## Specific Safety Precautions for Use

- Ensure that the reloading press is securely mounted and stable before use.
- Do not exceed the recommended load specifications for your reloading components.
- Always doublecheck measurements and settings before starting the reloading process.
- Use the adjustable depth decapping rod carefully to avoid injury.
- Be cautious of sharp edges on the dies and components.
- Do not attempt to modify or alter the dies in any way.
- If you experience any issues during use, stop and consult the troubleshooting section of the manual or seek professional assistance.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the reloading press according to the manufacturer's instructions.
- Insert the bushing full length die into the press and tighten it using the provided lock nut. Ensure that the thickness from inside to the outermost edge is .225".
- Adjust the decapping rod to the desired depth before starting the reloading process.

### 2. Usage:

- Place a clean, empty case into the shell holder of the reloading press.
- Lower the ram to size the case neck and body simultaneously.
- Use the adjustable depth decapping rod to remove the spent primer.
- Check the neck tension and adjust as necessary by changing the bushing (sold separately).
- Repeat the process for each case, ensuring that you maintain consistency in sizing.

## Disposal Instructions

- Dispose of any spent primers, powder, and other reloading materials in accordance with local regulations.
- Recycle any metal components where possible.
- Do not dispose of hazardous materials in regular household waste.

## Contact Information for Further Support

For any inquiries regarding safety, usage, or maintenance of the BUSHING FULL LENGTH DIES L.E. WILSON 6MM BRA, please refer to the manufacturer's website or contact your local authorized dealer for assistance.

## Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the BUSHING FULL LENGTH DIES L.E. WILSON 6MM BRA. Always prioritize safety and consult the manual for detailed instructions and troubleshooting tips. Thank you for your commitment to safe reloading practices.
