

# **BUSHING FULL LENGTH DIES - L.E. WILSON 6XC (II) BUSHING FULL LENGTH DIE**

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Made from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

# Safety Instruction Guide for BUSHING FULL LENGTH DIES L.E. WILSON 6XC (II)

## Introduction

Thank you for choosing the BUSHING FULL LENGTH DIES L.E. WILSON 6XC (II). This product is designed to provide precise case neck sizing and enhance your reloading experience. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the dies out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, such as safety glasses, when using reloading equipment.
- Regularly inspect the dies for wear or damage before use.
- Follow all local laws and regulations regarding ammunition reloading.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Sharp edges may cause cuts; handle with care.
- Improper use may lead to misfiring or damage to the firearm.

### • Avoiding Hazards:

- Always ensure that the die is properly secured in the reloading press before use.
- Do not attempt to modify or alter the die in any way.
- Use only compatible bushings as specified in the product information.

### • Age Specific Warnings:

- This product is not intended for use by individuals under the age of 18. Adult supervision is recommended for inexperienced users.

## Instructions for Installation and Usage

### • Installation:

1. Ensure the reloading press is turned off and unplugged.
2. Remove any previous dies from the reloading press.
3. Insert the BUSHING FULL LENGTH DIE into the press and secure it tightly.
4. Adjust the depth decapping rod to the desired position.

### • Usage:

1. Prepare your cases by cleaning and inspecting them for defects.
2. Place a case in the shell holder of the reloading press.
3. Operate the press to size the case neck and body simultaneously.
4. After sizing, remove the case and inspect it for proper dimensions.
5. Repeat the process for additional cases as necessary.

### • Decapping:

- The die includes an adjustable decapping rod. Adjust as needed for different case lengths.

## **Disposal Instructions**

- Dispose of any damaged or worn dies according to local regulations.
- Do not dispose of the dies in regular household waste.
- Contact your local recycling center for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding the safety and use of the BUSHING FULL LENGTH DIES L.E. WILSON 6XC (II), please refer to the manufacturer's website or customer support resources.

By following these guidelines, you can ensure safe and effective use of your BUSHING FULL LENGTH DIES L.E. WILSON 6XC (II). Thank you for your attention to safety, and happy reloading!
