Safety Instruction Guide for L.E. Wilson Micrometer Top Bullet Seater Die

Introduction

Thank you for choosing the L.E. Wilson Micrometer Top Bullet Seater Die. This guide provides essential safety instructions and usage information to ensure safe and effective operation of your bullet seater die. Please read this guide carefully before use.

General Safety Guidelines

- Ensure safe use of the product according to the manufacturer's instructions.
- Be aware of potential hazards associated with reloading and bullet seating.
- Always handle tools and equipment with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any updates or recall information regarding the product on the EU Safety Gate platform.

Specific Safety Precautions for Use

- Use the die only with an Arbor Press as recommended.
- Always wear safety glasses when operating the die to protect your eyes from potential debris.
- Ensure that the workspace is clean and free from any obstructions before use.
- Do not exceed the recommended bulletseating depths or adjustments.
- Check the die for any signs of wear or damage before each use. If damaged, discontinue use and contact support.
- Avoid using the die in damp or wet conditions to prevent electrical hazards and rust.
- Keep your hands and clothes away from moving parts during operation.

Instructions for Installation and Usage

1. Installation:

- Securely mount the Arbor Press on a stable work surface.
- Attach the L.E. Wilson Micrometer Top Bullet Seater Die to the Arbor Press according to the manufacturer's instructions.
- Adjust the die height using the threaded cap to achieve the desired bulletseating depth.

2. Usage:

- Prepare your reloading components (brass, bullets, powder).
- Place the brass case into the Arbor Press.
- Insert the bullet into the case mouth.
- Slowly operate the Arbor Press to seat the bullet to the desired depth.
- Check the seating depth using the micrometer scale, making adjustments as necessary.
- After use, clean the die to remove any residue and store it in a safe place.

Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal methods.
- Recycle materials whenever possible, following applicable recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the L.E. Wilson Micrometer Top Bullet Seater Die, please refer to the manufacturer's contact information provided with the product packaging or visit the official website.

By following these instructions and guidelines, you can ensure a safe and effective experience with the L.E. Wilson Micrometer Top Bullet Seater Die. Always prioritize safety and adhere to best practices while reloading.
