

STAINLESS NECK SIZING DIES - L.E. WILSON 6 BR-A BUSHING NECK SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Designed so the user can control and/or change the amount of neck sizing the cartridge case receives. Uses interchangeable sizing bushings that size the outside of the case neck. The conventional expander is eliminated, improving concentricity and prolonging brass life. ****NECK DIE BASE SOLD SEPARATELY**** The die is used with an Arbor Press. Sizes the neck to 3/16" from the mouth end, a practice many shooters prefer. Bushings not included. Dies include a decapping rod.

Safety Instruction Guide for Stainless Neck Sizing Dies L.E. Wilson 6 BRA Bushing Neck Sizing Die

Introduction

Thank you for choosing the Stainless Neck Sizing Dies L.E. Wilson 6 BRA Bushing Neck Sizing Die. This guide provides essential safety information and instructions to ensure safe and effective use of this product. Please read this document carefully before using the die.

General Safety Guidelines

- Ensure the die is used in accordance with the manufacturer's instructions.
- Always inspect the die and any accessories for damage before use.
- Keep the die and all related tools out of reach of children and vulnerable individuals.
- Store the die in a dry and secure location when not in use.
- Be aware of potential hazards associated with reloading and handling firearm components.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses, when using the die.
- Use the die only with an Arbor Press as recommended. Do not use with any other press.
- Ensure that the die is securely mounted before operation to prevent accidents.
- Never exceed the recommended sizing limits. This die sizes the neck to 3/16" from the mouth end.
- Do not attempt to modify or alter the die. Any modifications can lead to unsafe conditions.
- Be cautious of sharp edges on the die and bushings. Handle with care to avoid cuts or injuries.
- Ensure that your workspace is clean and organized to prevent accidents.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the die, Arbor Press, and appropriate bushings (sold separately).
- Review the die and ensure it is free from any defects or damage.

2. Installation:

- Securely mount the Arbor Press on a stable work surface.
- Insert the die into the Arbor Press according to the manufacturer's instructions, ensuring it is tightly secured.
- Select the appropriate bushing for your cartridge case size. Ensure it is compatible with the die.

3. Usage:

- Insert the cartridge case into the die.
- Carefully operate the Arbor Press to size the neck of the cartridge case.
- Check the sizing progress frequently to avoid oversizing.
- Remove the cartridge case from the die once sizing is complete.
- Clean the die after use to maintain its performance and longevity.

Disposal Instructions

- Dispose of any damaged or wornout parts of the die in accordance with local regulations.
- Do not throw the die in regular household waste. Instead, contact your local waste management facility for proper disposal methods.
- Ensure that all components are disposed of safely to prevent environmental harm.

Contact Information for Further Support

For further assistance, please refer to the manufacturer's website or customer service resources. It is important to have access to support for any safety inquiries or product issues.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with the Stainless Neck Sizing Dies L.E. Wilson 6 BRA Bushing Neck Sizing Die. Always prioritize safety when handling reloading equipment and components.
