

# WILSON CASE GAGE - L.E. WILSON 30 NOSLER CASE GAGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

The most important use of a cartridge case gage is for setting up 7/8"-14 press type full length resizing dies. A common error in reloading is to oversize your brass. Headspace of fired cases can quickly and accurately be measured using this tool and a caliper. Regular Style: This one piece gage will check overall length to indicate a need for trimming and datum to head length to assure correct headspace to prevent over sizing. Adjustable Style: For belted mags. While the belt provides support for proper headspace, the life of the case will drastically shorten unless resizing is held to a minimum at the shoulder. SPECIAL ORDER CASE GAGES ARE AVAILABLE---MEASURE CASE LENGTH ONLY

## Attributes

- Name: [L.E. WILSON 30 NOSLER CASE GAGE](#)
- Manufacturer: [L.E. WILSON, INC.](#)
- Product no.: 749018913
- Mfr. No.: CG-30NOS
- Cartridge: 30 Nosler
- Delivery weight: 0.195kg
- Shipping height: 29mm
- Shipping width: 32mm
- Shipping length: 83mm
- UPC: 815145027252

## CASE GAGE Consumer Safety Instruction Guide

### Introduction

Thank you for choosing the WILSON CASE GAGE L.E. WILSON 30 NOSLER CASE GAGE. This guide provides essential safety instructions and recommendations for the safe and effective use of this product. Please read and understand all instructions before using the case gage.

### General Safety Guidelines

- Ensure safe use of the product according to the guidelines provided.
- Be aware of potential hazards associated with improper use.
- Regularly check for any updates or recalls related to this product via the EU's Safety Gate platform.
- If you notice any defects or issues with the product, report them to the relevant authorities.

### Specific Safety Precautions for Use

- Always use the case gage in a welllit and clean environment.
- Keep the gage out of reach of children and vulnerable individuals.
- Wear safety glasses to protect your eyes from potential debris.
- Avoid using the gage if it shows any signs of damage or wear.
- Do not use the gage for purposes other than those specified in this guide.
- Handle the gage with care; do not drop or apply excessive force.

### Instructions for Installation and Usage

- **Setting Up the Gage:**

1. Ensure your workspace is clean and organized.
2. Hold the gage firmly in one hand and your caliper in the other.
3. Insert the cartridge case into the gage to check for overall length and headspace.

- **Using the Gage:**

1. For Regular Style: Check the overall length to determine if trimming is necessary and measure datum to head length to ensure correct headspace.
2. For Adjustable Style (for belted mags): Use the gage to confirm that the shoulder is resized minimally to prolong the life of the case.
3. If the case does not fit properly, adjust your resizing die accordingly.

- **After Use:**

1. Clean the gage with a soft cloth to remove any debris.
2. Store the gage in a safe, dry place away from direct sunlight and moisture.

### Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the gage in household waste.
- If the gage is damaged beyond use, contact local waste management services for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or product information, please refer to your local regulatory authorities or the official EU safety contact points.

By following these guidelines, you can ensure the safe and effective use of the WILSON CASE GAGE L.E. WILSON 30 NOSLER CASE GAGE. Thank you for your attention to safety and compliance.
