

# WILSON CASE GAGE - L.E. WILSON 6MM GT CASE GAGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

The most important use of a cartridge case gage is for setting up 7/8"-14 press type full length resizing dies. A common error in reloading is to oversize your brass. Headspace of fired cases can quickly and accurately be measured using this tool and a caliper. Regular Style: This one piece gage will check overall length to indicate a need for trimming and datum to head length to assure correct headspace to prevent over sizing. Adjustable Style: For belted mags. While the belt provides support for proper headspace, the life of the case will drastically shorten unless resizing is held to a minimum at the shoulder. SPECIAL ORDER CASE GAGES ARE AVAILABLE---MEASURE CASE LENGTH ONLY

## Attributes

- Name: [L.E. WILSON 6MM GT CASE GAGE](#)
- Manufacturer: [L.E. WILSON, INC.](#)
- Product no.: 749018916
- Mfr. No.: CG-6GT
- Cartridge: 6mm GT SRP
- Delivery weight: 0.15kg
- Shipping height: 29mm
- Shipping width: 32mm
- Shipping length: 84mm
- UPC: 815145027337

# Safety Instruction Guide for WILSON CASE GAGE L.E. WILSON 6MM GT CASE GAGE

## Introduction

Thank you for choosing the WILSON CASE GAGE L.E. WILSON 6MM GT CASE GAGE. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this manual carefully before using the gage to prevent any accidents or injuries.

## General Safety Guidelines

- Ensure that the WILSON CASE GAGE is used in a welllit and clean environment.
- Always inspect the gage for any visible damage before use.
- Use the gage only for its intended purpose as described in this manual.
- Keep the gage out of reach of children and vulnerable individuals.
- In case of any malfunction or unusual behavior, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- **Avoid Oversizing:** Ensure that you do not oversize your brass when using the gage, as this can lead to safety issues during firing.
- **Proper Measurement:** Use a caliper in conjunction with the gage to measure headspace accurately. Incorrect measurements can lead to dangerous situations.
- **Adjustable Style Caution:** If using the adjustable style for belted mags, be aware that resizing should be kept to a minimum at the shoulder to prolong case life.
- **Trimming:** Regularly check the overall length of the brass. If the gage indicates a need for trimming, do so to avoid potential malfunctions.
- **Storage:** Store the gage in a safe place, preferably in its original packaging, to prevent damage.

## Instructions for Installation and Usage

### 1. Setup:

- Ensure your reloading press is securely mounted.
- Attach the resizing die according to the manufacturer's instructions.

### 2. Using the Gage:

- Insert the cartridge case into the gage.
- Check for overall length and headspace as indicated by the gage.
- Use a caliper to measure headspace if necessary.

### 3. Adjustments:

- If using the adjustable style, make necessary adjustments to accommodate belted mag cases.
- Regularly check adjustments to ensure accuracy.

### 4. After Use:

- Clean the gage with a soft cloth to remove any debris or residue.
- Store the gage in a dry place.

## **Disposal Instructions**

- Dispose of the WILSON CASE GAGE responsibly.
- If the gage is no longer usable, consider recycling it according to local regulations.
- Do not dispose of the gage in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please refer to the provided contact details from your retailer or manufacturer. Always ensure that you are using the WILSON CASE GAGE according to the guidelines provided in this manual for optimal safety and performance.

By following these guidelines, you can ensure safe usage of the WILSON CASE GAGE L.E. WILSON 6MM GT CASE GAGE. Stay informed about product safety and updates through official channels. Thank you for prioritizing safety in your reloading practices.
