

TIN COATED TURNING MANDRELS - SINCLAIR INTERNATIONAL TIN COATED TURNING MANDREL 17 CALIBER (0.170")

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

The Sinclair TiN Turning Mandrels are a great option for those who want increased resistance to abrasion over our Stainless Steel Mandrels, but don't feel the need to upgrade to our Carbide Mandrels. The Titanium Nitride coating process adds increased lubricity, reduces wear due to abrasion and increases tool life up to 10 times over our standard steel mandrels. Turning mandrels are made to 0.002" under bullet diameter. Originally designed to be used to align the case during neck turning, these Mandrels can also be used to set neck tension.

Attributes

- Name: [SINCLAIR INTERNATIONAL TIN COATED TURNING MANDREL 17 CALIBER \(0.170"\)](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749019011

Safety Instruction Guide for TIN COATED TURNING MANDRELS

Introduction

Thank you for choosing the TIN COATED TURNING MANDRELS from SINCLAIR INTERNATIONAL. This guide provides important safety information, usage instructions, and disposal guidelines to ensure your safe and effective use of the product.

General Safety Guidelines

- Always read the instructions before using the product.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the mandrels for signs of wear or damage before each use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling and using the mandrels.
- Ensure that the work area is clean and welllit to avoid accidents.
- Do not exceed the recommended specifications of the mandrels.
- Avoid using the mandrels with incompatible materials or tools.
- Do not modify or alter the mandrels in any way.
- Be aware of the potential for sharp edges and handle with care.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that the work area is clean and free of obstructions.

2. Installation:

- Select the appropriate mandrel size based on the bullet diameter.
- Align the mandrel with the case and insert it carefully to avoid damaging the mandrel or the case.
- Ensure that the mandrel is seated properly before proceeding.

3. Usage:

- When neck turning, maintain a consistent speed and pressure to achieve uniform results.
- Periodically check the mandrel for wear and replace it if necessary.
- After use, clean the mandrel to remove any debris or residue.

4. PostUsage Care:

- Store the mandrels in a dry place to prevent corrosion.
- Avoid exposing the mandrels to extreme temperatures or harsh chemicals.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options if available.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please contact the manufacturer directly. Ensure you have your product details ready for a more efficient response.

Thank you for prioritizing safety while using the TIN COATED TURNING MANDRELS. Your adherence to these guidelines helps ensure a safe and effective experience.
