

TIN COATED TURNING MANDRELS - SINCLAIR INTERNATIONAL TIN COATED TURNING MANDREL 6MM (0.241")

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

The Sinclair TiN Turning Mandrels are a great option for those who want increased resistance to abrasion over our Stainless Steel Mandrels, but don't feel the need to upgrade to our Carbide Mandrels. The Titanium Nitride coating process adds increased lubricity, reduces wear due to abrasion and increases tool life up to 10 times over our standard steel mandrels. Turning mandrels are made to 0.002" under bullet diameter. Originally designed to be used to align the case during neck turning, these Mandrels can also be used to set neck tension.

Attributes

- Name: [SINCLAIR INTERNATIONAL TIN COATED TURNING MANDREL 6MM \(0.241"\)](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749019014
- Mfr. No.:
- Caliber: 6mm
- Diameter (in): 0.241
- Delivery weight: 0.023kg
- Shipping height: 13mm
- Shipping width: 13mm
- Shipping length: 64mm

Safety Instruction Guide for TIN COATED TURNING MANDRELS

Introduction

Thank you for choosing the Sinclair International TiN Coated Turning Mandrel. This guide provides essential safety instructions to ensure the safe use of the product. Please read this document carefully before using the mandrel to understand the necessary precautions and procedures.

General Safety Guidelines

- Ensure safe use of the mandrel by following these guidelines:
 - Use the product only for its intended purpose as specified in this guide.
 - Keep the mandrel out of reach of children and vulnerable individuals.
 - Inspect the mandrel for any damage or wear before each use.
 - Store the mandrel in a dry and safe place when not in use.
 - Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- To ensure safe operation of the mandrel, please observe the following precautions:
 - Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the mandrel.
 - Ensure that the work area is clean, welllit, and free of obstructions.
 - Do not exceed the recommended torque specifications when using the mandrel.
 - Avoid using the mandrel with incompatible materials or equipment.
 - If the mandrel becomes damaged, discontinue use immediately and replace it.

Instructions for Installation and Usage

- Follow these instructions to properly install and use the TiN Coated Turning Mandrel:

1. Preparation:

- Ensure that you have the correct size mandrel for your application (6mm / 0.241 inches).
- Gather all necessary tools and materials for installation.

2. Installation:

- Insert the mandrel into the appropriate tool holder or machine.
- Secure the mandrel in place according to the manufacturer's instructions for your specific tool.

3. Usage:

- Align the casing properly when using the mandrel for neck turning.
- Monitor the mandrel during use for any signs of wear or damage.
- After use, clean the mandrel to remove any debris or residues.

Disposal Instructions

- Dispose of the mandrel responsibly and in accordance with local regulations:

- If the mandrel is damaged or worn beyond use, consider recycling if possible.
- Do not dispose of the mandrel in regular household waste.
- Check with local waste management authorities for specific disposal instructions related to metal products.

Contact Information for Further Support

- For safety inquiries or additional support, please refer to the contact information provided by the manufacturer or distributor of this product. Ensure you have the product details ready when seeking assistance.

By following these safety instructions, you can ensure a safe and effective experience with your Sinclair International TiN Coated Turning Mandrel. Always prioritize safety and compliance with the EU General Product Safety Regulation (GPSR) to protect yourself and others.
