## **MATCHKING 6.5MM (.264") 130GR HOLLOW POINT BOAT TAIL**

### **500/BOX**

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

MatchKing Bullets are the classification for Sierra's pre-eminent target bullets. The driving motivation for the design of each MatchKing bullet is accuracy. These bullets have very thin jackets drawn to an exacting concentricity standard of 0.0003 in maximum variation, and their weight is held to within  $\pm$  0.3 grain. All MatchKing have a hollow point design with a very small meplat for high ballistic coefficient. The majority of these bullets have a boat tail shape to further minimize drag and improve ballistic coefficient. They are manufactured to the very highest quality standards. Their accuracy has been acclaimed worldwide, and they have been used to win more target competitions than all target bullets from other manufacturers combined. While they are recognized around the world for record-setting accuracy, MatchKing® bullets are not recommended for most hunting applications.

#### **Attributes**

- Name: [SIERRA BULLETS MATCHKING 6.5MM \(.264"\) 130GR HOLLOW POINT BOAT TAIL 500/BOX](#)
- Manufacturer: [SIERRA BULLETS](#)

# MATCHKING 6.5MM BULLETS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the MATCHKING 6.5MM (0.264") Bullets by Sierra Bullets. This guide provides essential safety instructions to ensure the proper handling, usage, and disposal of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that you are familiar with local laws and regulations regarding the use and storage of ammunition.
- Always treat all bullets as if they are loaded and ready to fire.
- Store bullets in a cool, dry place away from direct sunlight and moisture.
- Keep bullets out of reach of children and vulnerable individuals.
- Regularly check for any product recalls or safety updates through the EU's Safety Gate platform.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use only in firearms that are specifically chambered for 6.5mm caliber ammunition.
- Always wear appropriate eye and ear protection when handling or firing ammunition.
- Ensure that the firearm is in good working condition before use.
- Do not attempt to modify or alter the bullets or their packaging.
- Avoid using bullets that show signs of damage or corrosion.
- Never point a firearm at anything you do not intend to shoot.

## Instructions for Installation and Usage

### • Installation:

- Only load bullets into firearms that are designed for 6.5mm ammunition.
- Follow the manufacturer's instructions for loading bullets into the firearm.

### • Usage:

- Ensure that the firearm is pointed in a safe direction before loading.
- Load bullets one at a time, ensuring that the chamber is clear before loading.
- After firing, ensure the firearm is unloaded before handling or cleaning.
- Clean the firearm according to the manufacturer's guidelines to maintain safety and performance.

## Disposal Instructions

- Dispose of any unused or expired bullets in accordance with local regulations.
- Do not throw bullets in regular household waste.
- Contact local waste management authorities for guidance on safe disposal methods.

## Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the appropriate authorities or the EU-based contact points for assistance.

Thank you for your attention to these safety guidelines. Your safety is our priority.
