

# TYPE-S ELITE BUSHING DIE SET - REDDING 22-250 REMINGTON BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

## Attributes

- Name: [REDDING 22-250 REMINGTON BUSHING DIE SET](#)

# Safety Instruction Guide for TYPES ELITE BUSHING DIE SET

## Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET by Redding. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the die set. Please read this document carefully before using the product.

## General Safety Guidelines

- Always handle the die set with care to avoid injury.
- Ensure your work area is clean and free from clutter.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating the die set.
- Keep the die set out of reach of children and pets.
- Be aware of your surroundings and avoid distractions while working.
- Regularly inspect the die set for any signs of damage or wear. Do not use damaged equipment.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Risk of injury from sharp edges on the dies.
- Risk of incorrect sizing leading to ammunition malfunction.

### • Avoiding Hazards:

- Always ensure that the dies are properly installed before use.
- Do not exceed the recommended load specifications for your cartridges.
- Use only the recommended bushings for your specific cartridge type.
- Do not attempt to modify the dies or bushings in any way.
- Ensure that the work surface is stable and secure to prevent accidents.

### • Age Specific Warnings:

- This product is intended for use by individuals aged 18 and older.
- Ensure that inexperienced users are supervised by a knowledgeable adult.

## Instructions for Installation and Usage

### • Installation:

1. Ensure that your reloading press is compatible with the TYPES ELITE BUSHING DIE SET.
2. Carefully remove the dies from their packaging.
3. Install the Bushing Full Sizing Die into the press according to the manufacturer's instructions.
4. Install the Bushing Neck Sizing Die and the Competition Seating Die in the same manner.
5. Select the appropriate bushing for your cartridge and install it in the sizing die.

### • Usage:

1. Prepare your brass cases by cleaning and inspecting them for damage.
2. Adjust the sizing die to achieve the desired neck tension.

3. Follow the reloading process as per standard practices, ensuring each step is completed accurately.
4. After reloading, inspect the finished rounds for any defects before use.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die set in regular household waste. Instead, contact your local waste management facility for proper disposal methods.

## Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the contact information provided on the packaging or visit the manufacturer's website.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with the TYPES ELITE BUSHING DIE SET. Always prioritize safety and consult with professionals if you have any doubts or questions regarding the use of this product.
