

TYPE-S ELITE BUSHING DIE SET - REDDING 243 WINCHESTER BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

Safety Instruction Guide for TYPES ELITE BUSHING DIE SET

Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET by Redding. This product is designed to assist you in achieving precision in your reloading tasks. It is important to follow all safety guidelines to ensure safe and effective use of this product.

General Safety Guidelines

- Always read and understand the safety instructions before using the die set.
- Ensure that the work area is clean, dry, and free from distractions.
- Wear appropriate safety gear, including safety glasses and gloves, while handling reloading materials.
- Keep the die set out of reach of children and pets.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the die set is compatible with the specific cartridge being used (e.g., 243 Winchester).
- Inspect the die set for any signs of damage or wear before use.
- Always use the die set according to the manufacturer's instructions.
- Avoid overworking the brass in the case neck to prevent damage.
- Handle all reloading materials with care and follow safety protocols for handling gunpowder and primers.
- Ensure that the bushing is properly installed and secure before using the full sizing die or neck sizing die.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the TYPES ELITE BUSHING DIE SET, brass cases, powder, primers, and safety equipment.

2. Installation:

- Secure the die set in a reloading press according to the manufacturer's instructions.
- Select the appropriate bushing for the desired neck diameter and tension.
- Install the bushing into the full sizing die and neck sizing die as per the guidelines provided.

3. Usage:

- Follow these steps when using the die set:
 - Start with the bushing full sizing die:
 - Insert a brass case into the die and operate the press to achieve full sizing.
 - Next, use the bushing neck sizing die:
 - Insert the case again and size the neck as needed, ensuring that the bushing is selfcentered on the case neck.
 - Finally, use the competition seating die for precise bullet seating.
- Monitor the tension and diameter settings carefully to avoid overworking the brass.

Disposal Instructions

- Dispose of any damaged or unusable components of the die set according to local regulations.
- Ensure that all reloading materials, including spent primers and powder, are disposed of safely and responsibly.
- Do not discard the die set in regular household waste. Contact local waste management for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's customer service resources. Ensure you have your product information ready for efficient assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your TYPES ELITE BUSHING DIE SET. Thank you for prioritizing safety in your reloading practices.
