

# TYPE-S ELITE BUSHING DIE SET - REDDING 25-06 REMINGTON BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

## Attributes

- Name: [REDDING 25-06 REMINGTON BUSHING DIE SET](#)

# Safety Instruction Guide for TYPES ELITE BUSHING DIE SET

## Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET from Redding. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that all users are familiar with the product and its intended use.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using reloading equipment.
- Keep the die set out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the reloading of ammunition.

## Specific Safety Precautions for Use

- Read and understand the reloading manual specific to the cartridge you are using.
- Use only the recommended bushings for your specific die set to maintain safety and performance.
- Do not exceed the recommended load data when reloading ammunition.
- Ensure that the work area is clean, dry, and welllit while reloading.
- Store components and finished ammunition in a safe and secure location.

## Instructions for Installation and Usage

### 1. Installation of the Die Set

- Carefully remove the die set from its packaging.
- Inspect each component for damage or defects.
- Install the Bushing Full Sizing Die into your reloading press according to the manufacturer's instructions.
- Adjust the die to the desired position to ensure proper sizing of the cases.

### 2. Using the Bushing Neck Sizing Die

- Insert the appropriate bushing into the Neck Sizing Die.
- Adjust the die to achieve the desired neck tension.
- Follow the manufacturer's instructions for case preparation and sizing.

### 3. Utilizing the Competition Seating Die

- Set up the Competition Seating Die in the press.
- Adjust the seating depth according to the specifications for your specific cartridge.
- Test a few rounds to ensure proper seating and overall length.

### 4. Final Checks

- After reloading, inspect each round for consistency and proper dimensions.
- Store reloaded ammunition in a safe, cool, and dry place.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of any reloading materials or ammunition in regular household waste.
- Check with local waste management authorities for proper disposal methods of hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding your TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's contact information included with the product packaging.

Please remember to stay informed about any product recalls or safety alerts. You can report any unsafe products or accidents to local authorities. For updates on product safety, visit the EU's Safety Gate platform. Your safety is our priority. Thank you for your attention to these important guidelines.
