

TYPE-S ELITE BUSHING DIE SET - REDDING 6.5X55MM SWEDE BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

Safety Instruction Guide for TYPES ELITE BUSHING DIE SET REDDING 6.5X55MM SWEDE BUSHING DIE SET

Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET from Redding. This product is designed to enhance your reloading experience while ensuring safety and precision. This guide provides essential safety instructions and guidelines to ensure the safe usage of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the product is used in accordance with the manufacturer's guidelines.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of damage or wear. Do not use if damaged.
- Report any unsafe conditions or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the die set only with compatible cartridges as specified in the product description.
- Always wear appropriate safety gear, such as safety glasses and gloves, when handling reloading equipment.
- Ensure that the work area is clean, dry, and wellventilated.
- Avoid distractions while using the die set to maintain focus and control.
- Do not exceed recommended load specifications for the cartridges being reloaded.
- Handle all components, including brass and primers, with care to avoid accidental discharge or injury.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Select the appropriate die from the set: Bushing Full Sizing Die, Bushing Neck Sizing Die, or Competition Seating Die.
- Follow the manufacturer's instructions to properly install each die into your reloading press.

2. Usage:

- For Bushing Full Sizing Die:
 - Insert the appropriate bushing to control neck diameter and tension.
 - Adjust the die to achieve the desired neck tension without overworking the brass.
- For Bushing Neck Sizing Die:
 - Ensure the bushing is correctly seated and adjust as needed for precise sizing.
- For Competition Seating Die:
 - Set the die to achieve the desired bullet seating depth.
 - Test with a few rounds to confirm accuracy before proceeding with bulk reloading.

3. PostUsage:

- Clean the dies after use to prevent corrosion and ensure longevity.
- Store the die set in a cool, dry place, away from moisture and direct sunlight.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Ensure that all materials are disposed of safely to prevent environmental harm.
- Recycle any metal components where possible.

Contact Information for Further Support

For any inquiries or support regarding the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the TYPES ELITE BUSHING DIE SET. Thank you for your attention to safety and for choosing Redding products.
