

TYPE-S ELITE BUSHING DIE SET - REDDING 270 WINCHESTER BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

Attributes

- Name: [REDDING 270 WINCHESTER BUSHING DIE SET](#)

Safety Instruction Guide for TYPES ELITE BUSHING DIE SET

Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of the die set. Please read this guide carefully before use to maximize safety and performance.

General Safety Guidelines

- Ensure that the die set is used strictly for its intended purpose of reloading ammunition.
- Always handle reloading equipment with care to prevent accidents.
- Keep the die set and all related tools out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of wear or damage before use.
- Ensure that your workspace is clean and welllit to avoid accidents during reloading.
- Use personal protective equipment (PPE) such as safety glasses and gloves when reloading.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The reloading process involves handling materials that can be hazardous if not used properly.
- Always be aware of the potential for lead exposure when working with ammunition components.

- **Avoiding Hazards:**

- Follow the manufacturer's instructions for the proper setup and use of the die set.
- Do not exceed the recommended load specifications for the cartridges you are reloading.
- Ensure that your reloading area is free from distractions and potential hazards.

- **AgeSpecific Warnings:**

- This product is intended for use by individuals who are at least 18 years of age. Ensure that minors are supervised by an adult when using this product.

Instructions for Installation and Usage

1. Installation:

- Carefully read the instructions provided with the die set before installation.
- Securely mount the die set in your reloading press according to the manufacturer's specifications.
- Ensure that all components are tightened and secure before beginning the reloading process.

2. Usage:

- Use the Type S Bushing Full Die for sizing cases. Adjust the bushing for desired neck tension.
- Use the Type S Bushing Neck Die for neck sizing only. Ensure the bushing is properly selected for the cartridge being used.
- Use the Redding Competition Seating Die for precise bullet seating. Adjust the die according to your specific requirements.
- Always wear safety glasses when operating the reloading press to protect your eyes from debris.

3. Maintenance:

- After use, clean the die set to remove any residue or debris.
- Store the die set in a dry and safe location to prevent damage.

Disposal Instructions

- Dispose of any used components, such as spent primers and brass casings, in accordance with local regulations.
- Do not dispose of hazardous materials in regular trash. Check with local waste management for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's contact information provided in the product packaging.

Conclusion

By following these safety instructions, you can ensure a safer reloading experience with the TYPES ELITE BUSHING DIE SET. Always prioritize safety and adhere to the guidelines presented in this document. Happy reloading!
