

TYPE-S ELITE BUSHING DIE SET - REDDING 7MM REMINGTON BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

Attributes

- Name: [REDDING 7MM REMINGTON BUSHING DIE SET](#)

TYPES ELITE BUSHING DIE SET SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET from Redding. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the die set.

General Safety Guidelines

- Ensure that you are familiar with the operation of reloading equipment and follow all safety procedures.
- Always wear appropriate safety gear, including eye protection and gloves, when using the die set.
- Keep the die set and all reloading components out of the reach of children and unauthorized users.
- Inspect the die set for any signs of damage or wear before use. Do not use damaged equipment.
- Store the die set in a dry and secure location to prevent damage and unauthorized access.
- Follow all local laws and regulations regarding the use and storage of reloading equipment and ammunition components.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury from improper handling of reloading equipment.
- Risk of overworking the brass case neck, leading to potential failure during use.
- Risk of contamination from foreign materials affecting the performance of the die set.

- **Avoiding Hazards:**

- Always ensure the workspace is clean and free of clutter before starting.
- Use only the recommended bushings for your specific caliber to maintain proper neck tension.
- Never exceed the recommended load data provided by powder manufacturers.
- Check that the bushing is securely in place before using the die.

- **Age Specific Warnings:**

- This product is intended for adult use only. Keep out of reach of children.
- Ensure that all users have received proper training in the safe use of reloading equipment.

Instructions for Installation and Usage

- **Installation:**

1. Ensure the reloading press is securely mounted and stable.
2. Select the appropriate bushing for the cartridge you are reloading.
3. Insert the Type S Bushing Full Die into the reloading press and tighten securely.
4. Attach the Type S Bushing Neck Die in the same manner.
5. Install the Redding Competition Seating Die according to the manufacturer's instructions.

- **Usage:**

1. Prepare your brass cases by cleaning and inspecting them for any damage.
2. Insert the case into the Bushing Full Die and operate the press to size the case.

3. Adjust the bushing to achieve the desired neck tension, ensuring it is freefloating for accurate sizing.
4. Use the Competition Seating Die to seat the bullet to the desired depth.
5. After reloading, inspect each round for quality and consistency before use.

Disposal Instructions

- Dispose of any unused or defective components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support regarding the TYPES ELITE BUSHING DIE SET, please consult the manufacturer's website or customer service resources. Ensure that you have the product details handy for efficient assistance.

Thank you for your attention to safety. Enjoy your reloading experience with the TYPES ELITE BUSHING DIE SET!
