

# TYPE-S ELITE BUSHING DIE SET - REDDING 30-06 SPRINGFIELD BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

# TYPES ELITE BUSHING DIE SET Safety Instructions

## Introduction

Thank you for purchasing the TYPES ELITE BUSHING DIE SET. This guide provides important safety information and instructions for the safe use of this product. Please read this manual carefully before using the die set to ensure safe and effective operation.

## General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the die set.
- Ensure that your workspace is clean and free from obstructions to prevent accidents.
- Keep the die set out of reach of children and vulnerable individuals.
- Be aware of your surroundings and avoid distractions while using the die set.
- Regularly inspect the die set for any signs of wear or damage before use. Do not use if damaged.
- Follow all manufacturer instructions and guidelines for safe operation.

## Specific Safety Precautions for Use

- **Handling Bushings:**
  - Handle bushings carefully to avoid injury. The edges may be sharp.
  - Use the correct bushing size for your cartridge to prevent excessive neck tension.
- **Die Adjustment:**
  - Make adjustments to the dies only when they are not in use.
  - Ensure that the dies are securely fastened to prevent movement during operation.
- **Reloading Process:**
  - Always doublecheck measurements and settings before reloading.
  - Do not exceed recommended load limits to avoid potential hazards.
- **Storage:**
  - Store the die set in a dry, cool place to prevent rust and damage.
  - Keep the die set in its original packaging or a suitable container when not in use.

## Instructions for Installation and Usage

### 1. Setup:

- Ensure your reloading press is compatible with the TYPES ELITE BUSHING DIE SET.
- Securely mount the reloading press on a stable workbench.

### 2. Installing the Dies:

- Begin with the Bushing Full Sizing Die:
  - Screw the die into the reloading press.
  - Adjust the die until it is properly aligned with the shell holder.
- Next, install the Bushing Neck Sizing Die:
  - Repeat the process of screwing the die into the press and aligning it.

### 3. Using the Dies:

- For the Bushing Full Sizing Die:
  - Insert the cartridge case into the shell holder.
  - Raise the ram to size the case.
- For the Bushing Neck Sizing Die:
  - Insert the cartridge case and adjust the bushing to control neck tension.
- Use the Competition Seating Die for seating bullets:
  - Place the bullet on the case and raise the ram to seat it to the desired depth.

### 4. Final Checks:

- After reloading, check each cartridge for proper dimensions and bullet seating.
- Store any unused components safely.

## Disposal Instructions

- Dispose of any damaged or unusable parts in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the die set in regular household waste.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's contact information included with your product packaging.

Thank you for your attention to these safety instructions. Proper use and care of the TYPES ELITE BUSHING DIE SET will ensure a safe and enjoyable reloading experience.
