

TYPE-S ELITE BUSHING DIE SET - REDDING 25 WSSM BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

Attributes

Safety Instruction Guide for TYPES ELITE BUSHING DIE SET REDDING 25 WSSM BUSHING DIE SET

Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET REDDING 25 WSSM BUSHING DIE SET. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the die set.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the die set with care to avoid injury.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly check the die set for signs of wear or damage.
- Follow all local laws and regulations regarding reloading and ammunition.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear safety glasses when using the die set to protect your eyes from potential debris.
- Use gloves to protect your hands from sharp edges and metal fragments.
- Ensure your workspace is clean and organized to prevent accidents.
- Do not exceed the recommended specifications for the die set.
- Be cautious of hot surfaces and materials during the reloading process.
- Ensure that the bushing is properly installed before use to avoid misalignment and potential injury.

Instructions for Installation and Usage

1. Unpacking the Die Set

- Carefully remove the die set from its packaging.
- Inspect all components for damage or defects.

2. Setting Up the Die Set

- Select the appropriate bushing for your cartridge.
- Install the Type S Bushing Full Die into your reloading press according to the manufacturer's instructions.
- Adjust the die to achieve the desired neck tension.

3. Using the Die Set

- Place the brass case into the shell holder.
- Raise the ram to bring the case into contact with the die.
- Follow the reloading process as per your specific requirements, ensuring that each step is performed carefully.

4. Cleaning and Maintenance

- After use, clean the die set to remove any residual brass or debris.

- Store the die set in a dry and secure location to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die set in regular household waste.
- Consider recycling options for metal components where available.

Contact Information for Further Support

For any questions or concerns regarding the TYPES ELITE BUSHING DIE SET REDDING 25 WSSM BUSHING DIE SET, please refer to the manufacturer's customer support channels. Ensure that you have the product details ready for efficient assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the TYPES ELITE BUSHING DIE SET REDDING 25 WSSM BUSHING DIE SET. Your safety is our priority, and we encourage you to reach out for support if needed. Thank you for your attention to these important guidelines.
