

TYPE-S ELITE BUSHING DIE SET - REDDING 7MM WSM BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

Safety Instruction Guide for TYPES ELITE BUSHING DIE SET

Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET by Redding. This product is designed to enhance your reloading experience with precision and control. To ensure safe and effective use, please read and follow the instructions in this guide carefully.

General Safety Guidelines

- Ensure that the die set is used only for its intended purpose.
- Always wear appropriate safety gear, including eye protection, when reloading.
- Keep the work area clean and organized to prevent accidents.
- Store the die set in a safe place, out of reach of children and pets.
- Regularly inspect the die set for any signs of wear or damage before each use.
- Follow all manufacturer guidelines for reloading components and procedures.

Specific Safety Precautions for Use

- Always check that the die set is securely mounted before use to prevent accidents.
- Do not exceed recommended load limits. Refer to reputable reloading manuals for guidance.
- Use the correct bushings for the specific cartridge being loaded to avoid sizing issues.
- Avoid using damaged or worn components, as they can lead to unsafe conditions.
- Always ensure that the workspace is wellventilated when using any reloading equipment.
- If you notice any unusual sounds or resistance while using the die set, stop immediately and inspect the equipment.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary reloading components, tools, and safety equipment.
- Ensure that the work area is clean and welllit.

2. Installation:

- Secure the Type S Bushing Full Die and Type S Bushing Neck Die into your reloading press according to the press manufacturer's instructions.
- Select the appropriate bushing for your cartridge and insert it into the die.

3. Usage:

- Begin with the Bushing Full Sizing Die to resize the brass cases. Follow the manufacturer's instructions for adjustment and operation.
- Use the Bushing Neck Sizing Die for neck sizing, ensuring the correct neck tension by adjusting the bushing as needed.
- Finally, use the Redding Competition Seating Die to seat the bullets accurately.

4. PostUse Care:

- Clean the dies after each use to prevent residue buildup.
- Store the die set and components in a dry, cool place, preferably in their original packaging.

Disposal Instructions

- Dispose of any damaged or worn components according to local regulations.
- Ensure that all materials used in the reloading process, including spent primers and cases, are disposed of responsibly.
- Consider recycling options for brass cases and other metal components.

Contact Information for Further Support

For any questions or concerns regarding the use of the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's website or contact their support team for assistance. Always ensure that you have the latest information regarding safety recalls and product updates.

By following these guidelines, you can ensure a safe and enjoyable reloading experience with the TYPES ELITE BUSHING DIE SET. Thank you for your commitment to safety and precision in your reloading practices.
