

# TYPE-S ELITE BUSHING DIE SET - REDDING 7MM REMINGTON SAUM BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

## Attributes

- Name: [REDDING 7MM REMINGTON SAUM BUSHING DIE SET](#)

# TYPES ELITE BUSHING DIE SET SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET by Redding. This guide provides essential safety instructions and usage guidelines to ensure safe and effective operation of your die set. Please read this manual carefully before using the product.

## General Safety Guidelines

- Always ensure that the die set is used in accordance with the manufacturer's instructions.
- Inspect the die set for any damage or wear before each use.
- Keep the die set out of reach of children and vulnerable individuals.
- Use the die set only for its intended purpose as specified in this manual.
- If you notice any unusual behavior or performance from the die set, discontinue use immediately and contact the manufacturer.
- Follow all local laws and regulations regarding reloading and ammunition preparation.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Risk of injury from improper handling of tools and equipment.
- Risk of overworking brass, which can lead to case failure.
- Risk of personal injury from sharp edges or moving parts.

### • Avoiding Hazards:

- Always wear appropriate safety gear, including eye protection and gloves.
- Ensure your workspace is clean and free from obstructions.
- Do not exceed the recommended specifications for neck tension and sizing.
- Use only compatible bushings with the die set to avoid malfunctions.

### • AgeSpecific Warnings:

- This product is intended for use by individuals 18 years and older. Do not allow minors to operate the die set without adult supervision.

## Instructions for Installation and Usage

### 1. Installation:

- Secure the die set in a stable reloading press.
- Follow the specific instructions for mounting the Type S Bushing Full Die and Type S Bushing Neck Die.
- Ensure that all components are tightened and properly aligned.

### 2. Usage:

- Select the appropriate bushing for your desired neck diameter and tension.
- Adjust the bushing according to the manufacturer's guidelines, ensuring it is properly seated.
- Begin the reloading process by following the stepbystep instructions provided with your reloading

equipment.

- Monitor the process closely to ensure consistent sizing and avoid overworking the brass.

### **3. PostUsage:**

- Clean the die set after each use to maintain its performance and longevity.
- Store the die set in a dry and secure location, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- Do not dispose of the die set in regular household waste. Check for recycling options or hazardous waste disposal facilities in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's contact details included with the product packaging. You can also check for updates and safety information on the EU Safety Gate platform.

Thank you for your attention to these safety instructions. Proper use and maintenance of your die set will ensure a safe and enjoyable reloading experience.
